HARD NEWS:

- T:** thanks for the money which came in today – it was \$200! thank you, thank you, thank you! Keep inviting people to the calls
- Bill Maher listens to T & R shows, as do the people in Hollywood and DC – they are still under gag orders so cannot send money!
 - Things are hopping – Obama gave an interesting speech at the Normandy event.
- On Thom Hartmann, someone called in and said we are praising the US about ending the war; 100,000 went down in Normandy, – but it was RUSSIA in the Operation Bogrosium – destroyed a place called Vermacht where 2.43 million Nazis were killed; russia lost 1.2 million who were in the battle on the eastern front -
 - The Ukrainian nationals are the Nazis and that is what is in Kiev; they created mass genocide by killing tons of Polish people in Ukraine
- R:** the fake president called the chocolate president: referred to a movie called “The Rise of the Guardians”

where the Easter bunny shows up – what is going on is a fiasco of the highest proportions

Sam Seder: talking of D Day – told the story of a man who was an errand boy; Sam goes farther than either Thom or Randi, as he hangs out with Mike Papantonio & Bobby Kennedy Jr, Ring of Fire

- The absolute insanity going on where we have Nazis in the seat of power and they want to make claims on that seat of power without love:
 - June is the time for ascension, and the frequencies going on means these guys have no place to turn; the Nazis / Republican party over here have lost it.
- Each day that passes, Beau B is getting better in Germany and beginning to talk; when he starts to fully expose what he saw, he will be exposing all the atrocities the American soldiers did which is why they don't like what is happening
We are going to need Dr Daniel Jackson to interpret the hieroglyphics of the stargates: this is the real story because 9/11 was an inside job to create a giant distraction; the 5 guys who were exchanged for Beau have spent the entire time since 9/11 in Gitmo – 3 were in from the start - 12 years; 2 were in 12 years minus 2 months
- **Amy** had on a civil rights lawyer who represented for one of them, a negotiator who could mediate between warring factions & create resolution in his own country! God forbid that this kind of information should be revealed! He was denied release.
 - This will be a fancy dance when this information comes out: these Republicans / Nazis only represent the interests of the transnational corporations and will kill anyone for a dime

Thom Hartman: about a castle in Waldenberg – a while back, they played a video on this: Called “the 3rd eye as the pineal gland” - goes into the story of the tesseract and the infinity stones, the gauntlet of power, Geronimo's skull, the spear of destiny & the arc of the Covenant – Hitler wanted them all to be in total control of the planet.

- Himmler bought the castle and area around it, booted out the villagers;
 - they build the castle to resemble the pineal gland and all the Nazis, the Thule Society / SS moved in: the rich religious elitists, the true believers who believed Hitler was the 2nd messiah and the castle was going to be the new vatican and they would do away with the other one – odd because the other vatican [Pope Pius XII] was in bed with Hitler. They described how the SS officers invited Madam Blavatsky to channel; she gave them the gears in German: had St Germain and El Morya, Kuthumi with her – the SS turned white.
- They used to take magic mushrooms and DMT; did channelings in a certain part of the castle – Hitler, a transcendent soul, would bring through the shadow side of Alcyone which was Jehovah; he was invoking Lucifer, Jehovah's son, with mal intent.
- Never got hold of Geronimo's skull ; had the Spear of Destiny which mysteriously disappeared at the end of the war and showed up in the Smithsonian Insititute - In Raiders of the Lost Arc: ' whoever holds the Spear of Destiny, the arc of the covenant - that army can rule the planet.’ There were 9 arcs of the covenant – Rommel gave that covenant back to Ashtar for safe keeping [Rommel was an incarnation of Jeshu and knew the dark destiny of this story] does not know where the other 8 Arcs of the Covenants are though Ashtar will.

The ceremony at Normandy: all world leaders, military from US, Germany, France –

- Last night Obama and Putin met and talked for 10 minutes, saw each other today and were smiling. The news tells the opposite. Obama goes along with the program - the lizard leaders are wanting to put more sanctions on Putin, Angela Merkel is not a happy camper – closer and closer to having to talk before World Court.
- Refers to last night's reading – reading about the 4th Reich coming into being immediately after WW2 - the EU is a nazi operation
- Their landlady is of Iberian/Celtic spanish lineage – of the lineage of Sananda Kumara and Magdalene who went to Spain first then over to Ireland and Scotland
 - she said there is a new party called the people's party in Spain led by Pablo Eglassius; they won 5 seats in the EU parliament. Quite amazing as they only formed 2 months before the election
 - Pablo is a university professor , a radical hippy with a pony tail; the youth rallied behind him – means the foot is in the door; all the others who won are extremely right wing.

- Remember the 4th Reich was formed through the [German] democrats – things are upside down!
- The name of the Spanish party means “yes we can” in Spanish [podamos]
- The son of the King of Spain has taken over – lots of scandal swirling around him

Audio: Interview between Jon Stewart and Gigi Ibrahim, an activist from Egypt who has lots to say

<http://www.thecomedynetwork.ca/shows/thedailyshow?vid=376329>

- This is what NESARA is about: real activism, people risking their lives like cannot be imagined
- And over here, Michael Hastings was murdered for what he said.

Jon: the country is caught between two extremes: the brotherhood took over after Mubarak as they were organized, and ?? how do the people organize to take over

Gigi: if people have nothing, they cannot think about anything else: poverty needs to be addressed

- When activists are detained, criminalized and so on, how can you organize people on the ground to get to democracy - yet they will keep on working.

Jon: how do you get space away from the mosque and the military?

Gigi: they don't have the space: it comes with a high risk! Talking leads

T: the courage that is going on around the planet, especially with the young people /university ones

Conference Call:

Thom Hartman: had on Jim Hightower with Mimi Kennedy who knows about Nesara

- All 3 of them were at the progressive conference

T: stoked about the feeling of this: Jim Hightower said we are doing heavy lifting for democracy

Ahalya: Tim Carpenter, Medea Benjamin, Jim Hightower, Bernie Sanders, Jeff Cohen

[Www.PDAmerica.org](http://www.PDAmerica.org) [Progressive Democrats of America]

- Conference was at North Hampton, Mass - about 1000 people were at the church.
<http://pdacommunity.org>

- Shooting in Seattle, WA is a Black Ops
- Sam Seder just lost it when he told about the gun that was left in a toy store where kids could get it!

T: Chris Hayes did a whole show demonstrating the new smart gun where no one can pull the trigger and shoot unless it is coded to the patch on your wrist: the NRA is not even letting it be talked about it

T: Thom invites every neocon/conservative whoever he can get to have the Big Picture Rumble – they scream at him! He gets in their face.

Ahalya: Thom said some wonderful things on the panel at the PDA conference; she asked Thom if he had

seen "Shadow of Liberty" - he hadn't; they were getting the info for the maker of the film, the young man Anahya has been talking about for some time. It talks a lot about what we discuss on the shows. He's working on a new film about human trafficking.

T: Obama a while ago addressed human trafficking at the UN.

Caller: have they talked to Mr Magoo? No! What about the Snowden interview – is it possible that NSA has put Snowden out there as ??..

T: NO! He gets an A +++ - no way that he will be compromised; he is totally cool!

- And besides Normandy: Robert Kennedy Jr was shot and died on June 6th, 1968

R: was supposed to go to the Ambassador Hotel that night to honour Kennedy Sr, whose campaign he had worked on; couldn't get a ride to the hotel at the time; was only 14 – not driving!

T: the conversation between Obama and Putin was about the same time that Kennedy Jr got shot
Obama & Putin talked after the banquet

- Patti Cota-robles said June is ascension month

Caller: asking if and when another grand cross to come into effect

Caller: Hawaii made an international landing area for the ETs!!!

T: underneath Diamond Head on Hawaii and underneath Pearl harbour there are landing bays used by the dark Satonians and the Black Ops

- There is a military place at the back of another island that is their Area 51.

Caller: thought the Galactic Federation of Light had taken them over

T: not sure – R needs to ask

- Every beach in Hawaii has radiation poisoning due to 55 gallon drums of radioactive material being dumped in the sea, and now leaching the contents

Caller: In 2011, had heard that none of the dark one were allowed into our atmosphere

T: asks for source of information – could be disinformation

Caller: that Pleiadians were not allowing any grays to get through

T: NASA is also part of the disinformation network: it is a front for the Black Ops

- Non-intervention in a civilization's development is a cardinal rule, so they cannot take over, but they broke that rule.

• We don't just get the Ets [those of the Light] to do all this stuff for us – we have to do it!

• Certain things are off limits though the dark ones still try; in the meantime, the guns are still working

Caller: Mr Magoo!

• The news is the radiation along the coast of N & S America has been neutralized; info came from his source, confirmed by [missed this]

• They are working on chemtrails big time – making quite a dent in them

• At the same time, the HAARP facility being turned over to the universty for public use

T: since the 90s, none of the HAARP have been used – a cover-up/ a front; using the satellites in space

- This info directly from Sekhmet and KOS confirmed it

Mr Magoo: David Wilcock was on Coast to Coast; spoke that something monumental about to happen this year and we will get rid of fed reserve notes and go to a currency system

T: fed res, IRS gone since Jan, Feb 2007 – thugs still running around at the lower levels

- March 31, 2008, all the rainbow bills were activated
- Paul Andrew Mitchell's Declaration of Insolvency of the entire fed res, the IRS and the Fed gov't was declared and confirmed – another layer of it happened then - Milwaukee

• 13 weeks ago, global money system collapsed – all smoke and mirrors now.

• 2008, Oct, Heidi zeroed out all of the old economies and the new one was installed on Nov 1, 2008

- BO was elected inside the new law

• All we need now is enactment [of the Nesara law] which means BO announces it to the world- what is happening is the education of the people; the NWO has been defanged for a while. What is left is being held in place by people's fears, belief systems – biggest problem is the ignoramuses running around – racism in its ugliness

• Ta Nahisi Coates did a good job with his piece – A Case for Reparation – really the story of NESARA

MOTHER SEKHMET:

Greetings in the Light of the Most Radiant one! In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame!

Greetings, Children of Ra!

Indeed we can, we are! It is all that we are in this moment: Lord, make me an instrument of thy peace, let me so love – the issues of the hour are the fact of the matter: – we can! It are already done – we are seeing the manifestation of all that is,

- as the sister Patti said This is the month of the frequencies that are bringing in the ascension process. It is bringing up everything unlike love to be healed in this sacred hour. It is that all we are experiencing in these sacred moments is the fact that we are on this beloved blue green ball of magnificence, a jewel shining amongst infinite joy in this local sector of the Universe of Nebadon.
- It may not seem that way from the vantage point of certain perspectives: as master Obi Wan has said: it's about your point of view – if you are sitting in Gitmo Bay, you make the best of the situation: yes, it is both hell and heaven which is a state of mind – as you have clear mind, as Sister D'hanni says, you can be in hell loca and still be in heaven: it is only your point of view – it is about these moments now where these divine temples of the living god are being raised to the highest levels we have ever experienced. It is quite a challenge to be here and breathe and continue to be here in this moment.
- It is about only love and infinitely more of that same substance which is only what we have asked for: to be in this moment. The challenge is to work with the frequencies and only remain in love whatever you may be experiencing - even if it not love: send the situation more love – that is the test of the greatest challenge: you asked for a challenge: how can I make myself a servant of thy peace?
- She would say in this moment, as you are experiencing the most intense of times and the most blissful of times and as we move into this circle/cycle for the last 3 weeks now and our beloved planet Mercury appears to go a bit backwards – it is only time to go within and reflect on what has gone on in the last few moments: months, as it were, everything has come to that crescendo of magnificence and how we view it is how we get past the challenges of the Mercury retrograde.
 - At the moment, everything unlike love is being brought to the surface like it has never been brought forth before; everything crystallized into manifestation and we cannot sit on the fence any longer. The sun shines on everyone; it does not make choices yet the only choice there is is love.
- She shares some wisdom with us: The key to this challenge of the moment for the next 3 weeks is to remain in the place of infinite joy, bliss wisdom – it is going within; as you take a journey within, ask at the highest levels, ask this temple of the living god/goddess/All That Is - take me on a journey in to the deepest recesses of the Adom Kadomon and we will see things that have only been described in what your words of this language we speak . . .
 - it is about the infinite wisdom that comes from that which is within, the circle/cycles of so much joy, so much love that is pouring forth from Creator Source. Since we are all creator gods, we have created a moment in time for ourselves to go deep within the crevices of these temples and bring forth that which maybe has never been brought forth in this life time or trillions of life times, maybe now is the lifetime to go within and look at that which always been a bit of a sticky wicket, that which creates that dichotomy for self where sometimes the thoughts may not be as pure as we would like them to be and the tongue becomes a razor's edge and we regret what we say after we say it, and then we are crying in our beer!
 - It is a challenge to be about this wisdom and this work, and how we do this work is not to take ourselves so seriously since nothing is serious on Sirius except the Red Dog Saloon – and Rosie is a great bartender! Old joke that goes back before the Orion War – Rosie although she had to serve all kinds of folk who came there, good, bad and very, very ugly as what was passing through the time of the Red Dog Saloon : it is about the fact that you leave the weapons at the door and maybe

your tongue is as sharp as your weapon, Rosie knows how to cool your jets! There was a cot in the back if you got too far gone!

- The fact of the matter is that we are all One in this moment, and the challenge here is to keep the thoughts and the tongue pure.. We are in the greatest of experiences right now, as transfiguration is the order of the day for these temples of the living god; we are witnessing transfiguration transformation like never before, and all that is transpiring is just a day in the life of a galaxy that is on the way to Ascension
 - The last time this circle went full cycle, was 26, 826 years ago when this happened before: her children who are not without love though they would like to think they have successfully deleted love from the program, they cannot do it - it is the nature of the beast, an integral part of the cosmic story: cannot have one without the other – two wings of the same bird: need both wings – can't do one thing without the other or we'll end up on the ground. Time to fly like we have asked to in the moment.
 - Teach me how to love, how to fly – the greatest challenge for each of us: We are seeing a master at it in the guise of Mr Putin, Mr Barack Obama, Mr Xi –
 - set aside the issues of the phallic symbols of what the males of the planet have an issue with - e: since things are not functioning so well in the realm of the kundalini in the issues of the fact that they can't get it up – every single day the infinite commercials for Cialis, Viagra – just letting us know that the balance of the kundalini here is making itself front and centre:
 - when you cannot get it up, you send it out to those funny stories in the news where the missiles replace the kundalini energy. When the missiles get bigger, the issues inside the temple of the living god go to sand: how many pills of Lavetra do I have to take to deal with what is before me?
- It is not about performance; it is about the story of what has been redacted from your news – Mr Beau Bergdahl is a real, real, real great American hero: “i will follow the words of Dr King; I will not fight and continue the war on the people of Afghanistan, Bagdad, the issues of Syria, Aleppo, Damascus, Lebanon, Ramallah, all these places”
 - It is about the fact that men have become an endangered species. And only the issues of the hour: the fake war on drugs, the people; her wayward children have replaced the love between themselves and their beloved Twin flames and the kundalini energy with bunker bombs and stuffing guns down my pants so I look like a real man while I discredit the Commander in Chief who is only coming forward and saying: Background checks? A necessity! It is in the moment of the hour – why do we even discuss these ancient fire sticks that do not represent real power.
- You want to know what real power is with love: it is about creating a universe with love – all of us in the realm of this voice have created this Universe of Nebadon;
 - we asked god / goddess/ All that is – teach us how to create, teach us the magic you know, mother/ father/goddess.
 - So what did we do? We took the power with love and, with infinite wisdom and joy, we bought the cosmic lie of her beloved son who took on the role, for experience, in the realm of giving self the experience to say “Can I remain neutral & go to the depths of the story and remain in a place like Captain Ashtar, Lord Admiral Sananda Kumara, Kalki Maitraya?”
 - She would say that in the midst of all that has happened, yet and still, she comes from our future which is her past and we [those she is talking to] make it with the NESARA announcement which is the key to this.
- How this comes about is **The Secret Destiny of America** where the Man. The Lavendar Lad says “ Here are the keys; you have the sacred documents: you have brought forth a republic, as you can keep it.” Why do we have standing armies in the moment now ?

T: we have militarized police too

Mo: One story: there is no real war going on! The war is within - for the heart;

- since the heart has been censored by the 13 families and cut off at the balls, so to speak, by saying god forbid that I should look like a real unified being and experience emotions and love, and

not come across as “a real macho man” who is not in a place where he can get it up yet will strap on a false phallic symbol, stride into a Target store & bad mouth the black man in the White House!

- It is a real dichotomy about the issues of the male here, and in the moment of the hour, the male is a bit of an endangered species, yet she comes in the hour of this desperation with the solution:
 - it is only about forgiving the self in this one single, solitary nano second: Lord make me an instrument of thy peace; where there is such hatred, let me sow love; let me do the deeds where I can share this wisdom with another and the magic of what the Admiral said: greater things shall you do than I, and more.

T: the nuclear sites are leaking all over the land

Mo: part of what is coming to a head – gotta pop that zit now! Won't look like thermal nuclear war.

- Like Mr Magoo said – we who come from 30 trillion light years across “time and space” are already helping, things already being neutralized, we still have a fake media that does not acknowledge their presence

T: Bill Maher has talked to Ashtar – he will tell all and make us laugh too

Mo: learn to laugh at yourself a little more; as you look at light and see that things are absolutely insane

- yet it takes real sanity to incarnate at a place in time right now, where we have asked to be here in the most intense moments of the hour of a planet that is about to become the 33rd member of the Intergalactic Federation of worlds
- We are in the perfect place at the perfect time – she commends us; it is so magnificent to watch what we are doing with the insanity around us!

T: must be a zoo in the congress, people who are good Democrats must want to strangle them

Mo: speaks of the time Rama and RanaMu went to the cloak room in the lower level of the Capitol Bldg

- We'd lose it if we saw it: like a scene out of the Star Wars bar scene; all lizards, skin walkers – they know their place and they are absolutely losing it because they know they can no longer pull the wool over our eyes; no more sheeple! That is why revolution / evolution/ renaissance in the air
- The **story of the hour** is that we have asked to be in the only one place that, if we could see it from her vantage point, there are so many souls asking to be here – this is centre point in this galaxy in this universe: all eyes are on us: we are on the main stage, the floodlights are on and the show is already on.
- How we do this with infinite grace and gratitude and a bit of humour, as Bill says: we gotta laugh at ourselves – this is why we say nothing is serious on Sirius except the Red Dog Saloon and when Rosie pours a shot, it is a 3 litre glass! See if you can get that down your gullet and stand up – it's the best elixir in town Time to dance with the pixies and the elves in the infinite fields of Elysium – this is the magic we have now. As we were to see it from her vantage point: ascension is assured: how we get there is the deal! It is only about forgiving self no matter what, and how we did it.
 - Even that guy called Hitler, transcendent soul, can forgive self – to be on this planet, at this time, and to know the wisdom - no accidents: we asked to be here. Let's get to work as Uncle Ed says.

T: the world is not flat, and Nixon was a crook – there are some facts in this world!

Mo: That's right as George Galloway said, we've been fed a pack of lies which we have to re-gurgitate pat yourself on the back for being here and staying alive – a magnificent challenge!

- Need the 3 grains of sugar as well as of salt! How else can we do this?

T: Tara wants it faster! the synergy in people's hearts “I've got it!” “I can see the writing on the wall!”

Mo: How we pop this one without war . . .

T: These ones are desperate – they really want to see him gone!

- In the meantime, Barack was lifting weights in the hotel in Warsaw and someone took pictures.

Mo: In each moment, love is where you are at: as you look at issues that are not love and bring up feelings that are not love, love those feelings – that is the real test. It is what we have before us.

- The ink blots in front of us – what we see in the Rorschach test – is what is inside of us.

- It is about abnormal psychology – seeing random images in the ink blots - helps them decide how much prozac you need! No more global, thermal nuclear war – ref to Rama's visit to such an office!

Mo: quite a cosmic drama to stay in the sacred hour – with humour can do almost anything

- **Ref to RT's** program Redacted & who is on Bill Maher's program

T: the last episode of **Years Living Dangerously**: people are freaking out because of the drilling in the Arctic and the potential of incredibly rising temperatures – asks for a cosmic air conditioner from Mother, who says it is already here as is the cosmic vacuum cleaner!!!

Mo yes it is high in Santa Fe [91*] - Sol has turned it up; 108* all around them – she likes her hash browns lightly toasted, not burnt!

T: they have created so much confusion, even the earth does not know where it's at!

Mo: we are rearranging the molecules, particles, along with the mitochondria, the Force and getting things on track for the time when we meet ourselves and can say "Well met! Thanks for the fish."

Greetings in the Light of the Most radiant One! Kadoish, kadoish, Kadoish

Rama: has been to Damascus, not a fun place! What is happening in Syria is quite a bit of – Syria needs more love than he knows how to talk about; will probably be there tonight, along with everyone else.

T: Al Jazeera had some unbelievable scenes from there: one woman with 4 children – all the males in the family are gone

R: they blame the west, and the west did it! The drought in Syria is manmade – 4.5 years of this before the war; about the evil fairy dust that Black Ops has been spreading around.

T: 97% voted for Al Assad

R: no business training Syrian fighters -

T: all the countries around there are converging around there
