Conference Call in HD: 209-647-1600, 353 863#

Caller: Thinks a lot of Nassim Harimein: a being of Light; concerned about what is supposed to be happening between June 15 & Sept 15

T: DON'T EVEN THINK ABOUT IT: THERE IS INTERVENTION GOING ON AT THE MOMENT.

Reading: The Monthly Transmissions by the Elders: the Pyramids of Light/the Atlantean Pyramid
[SEE BELOW]

Beginning with the words of Thoth: We were sea people before we were land people

- Thoth is another name for Kuthumi: LN Portia is Kuthumi's consort; St Germain's consort is LM Cassiopeia
- Obama is pissed off today that the Republicans won't let the vote on Loretta Lynch pass: they like the current one better because he is a criminal like they are!
- "In great libraries" - in Alexandria, moved from Greece;
- thinking to play the one about Ayrrians from Atlantis PETER MOON
 - **Martians:** name of group coming into South America with Veracrucha: Incas
- **Atlantis split into 5 islands:** not many people speak of this! **Isle of Poseida** was where the Mediterranean Sea is now.

T: scientists trying to make robots/artificial intelligence today: finding out cannot be programmed

Caller: asking about Prince Harry finishing up his tour of duty

T: Pr William will not be going to the throne at all, nor will Harry as Lady Di and Dodi will be coming back and will be changing things before Harry can do anything. They will show up after NESARA is announced and it is safe to come out of hiding.

Caller: status with Pres Xi of China; is he getting ready to make a serious move about the new currency?

T: that is all Faction 2 mis-information! **PRES XI, PRES OBAMA, PRES PUTIN ARE IN CAHOOTS** – some of the info from F2 is covering up what is happening – talk of QE2 abdicating closer to end of spring; then when Harry is done his tour of duty at end of April, Harry will take over. R does not know when Dodi and Di will be taking over; they will come when the coast is clear: MI5, MI6, all the alphabet agencies and the Pentagon which keep the 4th Reich on track have to be gone!

- Netanyahu is behind the picking up of the bombing in some parts of the Middle East

About the troop movements around the country? This is a pile of crap: they want to stir the pot and think the black man in the white house does not belong there **R** has heard of troop movements in Ohio: not so much a training event but playing with the brinkmanship games: **T** they are saying the Yemenis are taking over Wal Mart!!!

About the pole shift: it started with Harmonic Convergence and it is magnetic, nothing else! If there were 3 days of darkness, it would 4000* below zero and we'd be dead; NOT HAPPENING!

Caller: asking about Obama getting rid of Hillary

T: he appointed Hillary as Sec of State in the first round – that was a clone: the **real Hillary in June, 2007** was taken to The Hague & kept in solitary for 18 months until she was executed. Obama was declared President Elect on Nov 4, 2008; 11:11 am and was briefed for 6 full hours by Ray McGovern and other good CIA agents, and then he ordered her execution plus those of 10,000 banksters who were taken to The Hague by military transport planes . On Nov 9, 2008, when T & R were doing a call, Susan called them to say that she was channeling Ashtar for a reading and he told Susan and the other person that there was not one trace of Hillary Clinton's DNA left on the planet –

- She was executed for the murder of 86 innocent men women and children at Waco, TX. Her Black Ops were dressed as ATF men; they planted napalm bombs and the people died by being burned alive: they had been gassed with nerve gas and were unable to move, so were still alive when the

bombs went off.

Caller: what about the other things: if her DNA is gone – **T:** these are look-alikes of her! Who are the handlers of Hillary look-alikes? **R** does not know for sure. **T:** behind her are handlers: Kissinger is a complete hologram; Bredzinski is a 50' archon; Hillary is a 50' liizard! **Caller:** whatever is happening currently: she still has handlers ?? **T:** yes, you can tell there is something amiss: when she went to Iowa, she is as big as a house. She is well programmed! **T:** David Seroda did some research on Hillary as Sec of State when she went to South America: she was making deals with the S American oil company and they got multi-millions of dollars which they used for themselves, and they also got lots of money for the next election: we the people won against Hillary in 2008.

T: Harry Reid is a transcendental meditation guy; meditates daily. The human trafficking bill – it's part of the Lorreta Lynch situation: the Republicans have put in an addendum: if girls get pregnant when they are being used in the drug trafficking thing, they are not to be allowed to get an abortion because "it's federal money" - really sneaky, and why the Democrats are not cooperating.

BBS RADIO

T: JJ Hurtak talks of Jehovah as god; Jehovah has nothing to do with evil, though you can take abilities out of their time / space continuum and add some magic, and get what we call "evil"

- As Alcyone is here too, he might like to comment on his shadow side [Jehovah]

Mother/Alcyone [M/A]

In the Light of the Most Radiant One, in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

Greetings, Children of Ra!

- In response to the comment about Jehovah, they would just say that Mr Ted Cruz and the rest are taking it to the nth degree about the end of times: get your bullets and your bunker as the Annunaki are coming for you: all fear stories – not from a place of balance.
- Currently what is going on on this beloved shining star called Terra Nova: billions and billions are waking up like never before; they see the writing on the wall, called "change"
 - that change is the change in all of us, and everything is moving to a higher octave, a higher frequency since the last little eclipse cycle: Tomorrow new moon, ARIES – it's about heading forward with the energies - Kaypacha will have more to say about this. It's a wild time to be alive; most auspicious to be in a body if we can keep it and keep it healthy, with the frequencies that are tearing everyone asunder: this is the test - as the Lavendar Lad says: may you pass every test. The test is "work with the energies, flow with the energies, don't resist them; resistance is futile; we will be assimilated by love. It is the only answer like the lady in the song said: "peace to all, love to all, life to all."
- It is the magical moment here: the end of a grand cycle that has completed itself; we are already in Sat Yuga; Kali Yuga is done - yet there are folks out there saying Kali Yuga is still draggin its wagon!
 - For Sarah Palin & Todd, Ted Cruz, Lindsay Graham, the brewmeister and his fraulein - the end times are here: they are waiting for the Jehovah god to come & save their skins. And to cut to the chase, these life forms are not worth discussing, simply because they are a fiction based on the lies that are going on in the holographic story called the matrix; we are waking up from this.
- We have just heard from Kuthumi/ Thoth, the sons of Balial and the names of the other groups that were

in the ancient cities of Posiedan, Og – all the magical kingdoms of that time

- Lord Thor, his brother Locki and Odin, the father, were consutling with the various kingdoms about bringing Hyperborea forward to be experienced by everyone – the ecstasy, the joy - yet the seeds of malcontent were being sown by her wayward children.

- It has come full circle now where we have the abilities and the magic to do the mission: the tools are already given to us, the Jedis! The Force is with us. Use it only in the place of love, to transform, transfigure, this reality now. All that is happening in these moments is about the ancient, ancient story that has come to conclusion

T: looking at TV pictures: there is something for all of us to do: in Malaysia / Indonesia, they cutting down the palm oil trees for the chocolate and the Lethicthin – had no license to do it;

- need to bring the forests back: they clear cut the unlicensed palm oil trees – they have to put the trees back because the destruction of the forest will displace hundreds of thousands of people and more because it will flood

M/A: the various crews in the various craft in orbit have all the terra forming specifications so they can bring back species and restore this planet back to its pristine state: only need some working room without life forms shooting peas at them! The ancient war technologies on this planet are peas compared to what they have! They come in peace and do not use their technologies in that level, except when Lord Kryon says we are going to make space for hyper space by pass and they are not going there.

T: the Malaysian forest is the 2nd most prolific forest on the planet for Oxygenation and moisture -

M/A: it can all be restored and they can declare peace and be amongst the people; it is about the fact that their ancient, ancient children have to answer to the ones who have shown up now: the Blue Avians, the bird people, the lion people, the reptilian folks who are here in divine service to the Office of the Christ. It is about this story: be only peace, be only love; focus on the name of the mighty I AM at this time – brings in the wisdom of who and what we are: we are all equal here

- the story about currencies and who has what: we all breathe the same air, we all wipe the same way – let's get over the issues about colour, species, gender: it matters not - we are humanity in divine service to Gaia;

- as we don't have air or water, it affects everyone from Warren Buffet to Joe Blow: we are one and there is enough water as Nassim said: so much water, yet a few insane folks want to play with the skies and their evil fairy dust of death to cause us all to leave: it is being met by her friends – the increase in the magnitude of spraying of us like bugs with the aerosal spraying from planes:

- They know we [galactics] are here and they do not like it and they cannot make them leave: don't have the technology to go against the craft: pea shooters! The galactics only come in peace and joy for the benefit of all sentient beings – we all took the bohdi Satva vow -- first order of business: the least among us - those who are couch surfing; those who go to shelters because of domestic violence; mom and dad with substance abuse or whatever it is: could be food abuse or PTSD because dad thought he was doing the best thing to serve his country, nor is she discounting the vets:

- there is a higher order called Star Fleet where in a certain sense the consciousness of joining Star Fleet means they are many levels above – serving the Office of the Christ in our own uniqueness and what creator source and we, Adom Kadmone designed, our holy temple - as we are in bodies, stay here and keep it: we are master creator gods/ goddesses of the Most High

- it is no small thing to have this holy temple of the Office of the Christ in service – it goes way beyond what our science teaches: it is about the science of love and goes into realms that are way beyond the doctors, scientists, teachers who are only in kindergarten and move it all up to the school cycle.

- It is way beyond this illusion or fiction: all that is a fiction – first, we must claim our power back with love to heal these sacred temples; this is the only way we get past the lunatics – this is only about the holy names of the Office of the Christ. Enshallah! Greetings in the light of the most . . .

M/A: she knows she must to lighten things up: she could talk all night about the sacred order of what must be done

T: people can be freaked out by the ? Helm

M/A: It;s about the mutant soldiers of Soron and

T: Rahm Emmanuel getting all active with his Mossad agents running around in the US; they rigged the election to get him back into Chicago's mayor's office

- on **Redacted Tonight:** the cops getting their orders from the corporate banksters and the corporatists who are in bed with the UN

M/A: the oligarchy gives the orders to the peons: well, honey, she didn't ask for a golden shower tonight
Let us just go into the realms . . .

T: the hedge fund manager going after Ron Widen for the teeny electronic taxation tax; In addition to collecting urine samples, he is saying the radiation poisoning is good for you!!!

M/A: they are playing with misconstrued ideas about the Thule energy; it comes from the realm of understanding Metatron's cube, the tesseract, the Vril energy – oh madnay Padnay om; of madnay padnay om; the sound frequencies of the heart

- they are playing with the ancient – the masters, the brotherhoods, the sisterhoods have returned; the Mahdi is here with his contingency forces. Maitraya is here, not the fake one - they want to play with the idea of the Anti Christ and it is not Obama! The ancient archonic energies

T: All libertarians are following the code of the Vatican: get rid of gov't means all the social programs

M/A: they have all failed: this is the place where She and we are all one; Tara interjects, Mo says it is a momentary illusion: as RanaMu said to Rama today: it is this moment in time!

T: talking of sons of Belial and the different Atlantean islands: Poisedia – place of the Atla Ra scientiests; Aryan – home of sons of Belial; two more smaller islands were under sons of Belial – Atalya and Eyre, and Og

M/A: Og was a realm that was very beautiful, like what we see in Maui, Hawaii; paradise on earth, yet at the same time there were lifeforms that looked like Jurassic Park – they co-existed with the Atlantean story where space ships were coming and going, etc – a paradox of sorts with George Jetson living with Fred Flintstone living in the same time frame

T: Physical location? **M/A** – Tamil Nadu – what Sri Lanka is now **T** : All 5 islands were in the Atlantic, not the Pacific – India and Tamil Nadu were part of Lemuria

- also talking of the war with the Ayrians began 13,000 years ago, and now what is happening in Japan which is not gone; showing the huge black bags with radioactive materials! Talking it could take 200 years to clean it up – time to do something else!

M/A: The something else is in this place of sending more love to the awareness of the fact that billions are waking up to knowing that it is time for all of us to set aside the war stories and move on into the place of balance – it takes a lot to get there; at the same time, it is just a moment – a momentary lapse of reason to put it simply - where everything lines up and we are in no time, like right NOW.

Greetings in the light of the Most Radiant one.

R: Mother was being called! He was at Taos Mtn again; spring has sprung and all the beings that dance on the mountain are waking up and doing their cosmic dances to bring the magic alive: magnificent to behold – life is returning at such an exponential level in spite of what we are seeing. Focus on this!

T: there are some disaster areas where it looks like spring will not come back any time soon.

R: looks like Mordor! Have some more radiation for breakfast! Mother had to go to Solar Tribunal on Saturn: Syria among other stories is on the agenda: has to do with Aleppo! Doesn't know what that means.

T: Aleppo is one of the stargates over there; they have destroyed so many sacred places: yet the etheric blueprint is still here.

R: they might destroy physical things, but can't destroy the energy like that

Audio: The Rachel Maddow Show – segment on Gandhi, the salt march, British rule Gandhi's Salt March, the nonviolent journey that changed the world

03/12/15 11:27 AM—Updated 03/16/15 04:20 PM

By [Johnny Simon](#) and [Benjamin Landy](#)

Thirty-five years before [Dr. Martin Luther King](#) marched from [Selma](#) to [Montgomery](#), a 60-year-old Mohandas Karamchand Gandhi led dozens of his followers on a 240-mile journey from Sabarmati Ashram to Dandi, a small village on the Arabian Sea, to protest British rule.

Leaning on a long walking stick and dressed as always in modest homespun clothes, Gandhi hoped to bring worldwide attention to the growing Indian independence movement by highlighting the injustice of Britain's colonial salt laws, which forbid Indians from producing or selling their own salt.

The Salt March, also known as the Dandi March or the Salt Sastyagraha, began on March 12, 1930, near Gandhi's religious retreat in Sabarmati Ashram, and proceeded some 240 miles southward over 24 days toward the coastal village of Dandi, where a crowd of thousands watched as Gandhi and his followers deliberately broke the law by evaporating seawater to make their own salt. Gandhi's simple act of civil disobedience set off a chain reaction of mass demonstrations and acts of noncompliance throughout the country, leading British forces to arrest tens of thousands of people.

Although the salt laws were just one manifestation of Britain's repressive colonial rule, Gandhi's decision to protest the tax was a stroke of political genius. The prohibition against the independent production or sale of salt, an essential mineral found in India's earth and waters, was perfectly symbolic of control by a foreign power. The simple injustice of the salt laws – like the racial segregation of Montgomery buses – could be understood by anyone.

Gandhi eventually reached an agreement with India's British viceroy in 1931 to end the protests in exchange for an end to the salt tax and the release of political prisoners. Colonial rule remained intact, but Britain was shaken. India was awakened to the dream of independence, helping fuel the years of struggle that finally led Britain to partition the country into India and Pakistan in 1947.

The Pyramids of Light ~ The Atlantean Pyramid

Elders April Transmission

The Atlantean Pyramid creates the illusion of realities in time on the Earth plane.

The soul who oversees this pyramid goes by the frequency, Arlis-Cochizel.

In the temple of the crystals the goddess sits,
she whose consciousness creates all and everything from within.

Through this crystal matrix a race of evolved humans was born.
And when it was time for those souls to once again submerge in the
sea of creation to evolve into a new experience,
the crystals would echo the harmonics and the souls would remember and align for transition.

The Atlantean Pyramid has great mythology about an ancient time
when man used his gift of intuition and worked with spirit.
It tells of priests and priestesses who used massive crystals and walked with giants and strange creatures on
the surface of the planet.

This pyramid tells of I, Thoth, known as Thoth the Atlantean, or Tehuti,
who ruled the land of Atlantis for thousands of years known there by many names and descriptions.

It is written that before the great civilization of Atlantis fell,
I went with my consort and our high priests and priestesses
in great spaceships, to create a new home and a new civilization.

That this place would be the land of Khem, known to you as Egypt.
That I, and others from Atlantis, would record and store information
in great libraries,
in a place to be known as the Halls of Amenti,
'Amenti' meaning 'Mankind'.

Listen now for the echoes of their tones within your mind.

And many would search for these records in their quest to
remember why they have come here and who they are.
And they would feel that they have greater purpose in this
timeline and seek to find out what that purpose might be.

The Atlantean Pyramid would create tales of the fall of this great civilization
as warning to those who would walk the earth at the time of this reading.

And humanity would worry about the destruction of its earth home.
Fear not, as the souls need only remember their way home, into the light.

For there is no beginning,
nor is there an end.

And I, Thoth the Atlantean, shall now take you to the
Pyramid of Atlantis so you may experience all that you are.

And you will understand what happened in the game of
Light vs. Darkness. And you will remember what you must do.

By Thoth the Atlantean

Welcome sweet ones. It gives us great pleasure to be with you in this Now, in this magical month of April, as you move deeper into the knowing of yourselves as Melchizedek Ambassadors of Light and sacred transfiguring Flames of Divine Love in service to Mother Earth and all her Life.

Sweet ones, in this sacred year of 2015, Overlighted by the Sirian Archangelic League of the Light, and with Thoth as your Master Guide, we have been taken you into a deeper level of remembrance of many of the Atlantean and ancient Egyptian Mystery School teachings.

In fact, the Golden Age of Atlantis was one of the highest levels of Cosmic Christ Consciousness achieved on this sacred earth, and in that Now sweet ones, you experienced lifetimes of Self-Enlightenment, the activating and actualizing of the full physical/etheric 12 Strand DNA, many of your extra-sensory perception gifts, and traveling too, in your activated Merkabas/Light Bodies. You lived your lives in Love and joy, walking the pathways of Divine Love, connecting with your Star Brothers and Sisters and the Giant races, and later choosing to down step your vibration and assist the Earth and all her Life in this sacred School of Learning.

Many of you hold too within your memory banks, not only the Golden Ages of Atlantis, experienced primarily between 50,000 B.C. to 18,000 B.C., but also the demise of Atlantis, through the Sons of Belial, and the Martians. And this fear, sweet ones, repeats itself in the illusion of realities in time on this sacred Earth and this plane of polarity.

Between approximately 17,500 B.C. and 15,000 B.C., Atlantis split into five Islands through abuse of the Great Crystal. The three primary Islands were Poseida, Aryan and Og, and the two smaller Islands, under the rule of the Aryan Race, were known as Atalya and Eyre. With this, came the evolution of two primary groups of differing beliefs; the Atla-Ra Scientist Priesthood of the 'Law of One', based predominantly on the Isle of Poseida and the Aryan Race of 'The Sons of Belial' based on the Isle of Aryan.

Those known as the Giant Race of Atlantis, primarily of Pleiadian descent, and around 10-12 feet tall, were also located in Poseida. Poseida was the headquarters and nucleus of the crystalline power grid. The most advanced and beautiful crystals were grown here, housed in wonderful Crystal Temples, and underground crystal beds.

Unfortunately over time, great rifts occurred between the Alta-Ra Priesthood and the Sons of Belial, not least due to the use of genetically engineered hybrid slaves (half man, half beast), and the material, power and control issues of the Sons of Belial. Additionally, a small group of Martians, a million years ago in their time, entered a portal of Light in Atlantis in approximately 65 000 B.C., leaving behind their world, which had been atmospherically destroyed. They were able to time travel into the future through the creation of a synthetic Merkaba. As the Martians had created a reality based on separation from Mother/Father God, they attempted to control and dominate the Atlanteans upon their arrival. After several unsuccessful attempts (mostly due to their small numbers), the Martians reached a point of mutual co-operation with the Atlanteans, with the Martians experiencing aspects of Love, and the Atlanteans learning the left-brain technologies of the Martians. This focus on peace, co-operation and harmony came about in approximately 50 000 B.C., when Mother/Father God expanded in a Cosmic in-breath of forgiveness and Love. At that Now moment, each atom and molecule through all dimensions was bathed in the Divine Unfolding Light of Mother/Father God, and this Solar System, like all dimensions, Star Systems and Galaxies in your Multi-Universe, was embraced in the amplified frequency of the Diamond, Golden and White Light emanating from the rays of One Unity Consciousness.

During this era of peaceful co-creation, the Martians assisted the Atlanteans in creating the Great Crystal; a huge electromagnetic laser structure used to harness the Sun's energy. This was an enormous project, using

specific mathematical proportions, and assisted by Nature Intelligence, the Crystal Kingdoms, and many of you, sweet ones. This Great Crystal created a series of Fire Crystals, erected in sets of three, each twenty foot high and eight foot wide. These Fire Crystals created a Solar source of energy by reflecting the Sun to a greater or lesser degree, depending on the tuning. It further allowed for the healing of your Planet, and individuals, through energy rays of light. During the Golden Age of Atlantis, using this Great Crystal was most incredible, as you had the ability to heal any frequency in the body. Furthermore, as we have mentioned, many of you were able to travel interdimensionally in your own activated Merkabas/Light Bodies within this quadrant of the Galaxy. In fact, a period of longevity ensued, and you were the most incredible, magical Master Beings of Love and Light, with a full physical/etheric twelve strand DNA; and the ability to undergo your cosmic initiations into the Cosmic Heart of Mother/Father God whilst in physical embodiment.

This era of peace ensued for 26 000 years, until 24 000 B.C., when you were again to enter the Photon Band for 2 000 years, and just prior to this, experience a pole shift through the null zone. At that time, a small piece of Atlantis sunk, and for the first time in thousands of years, a feeling of fear came upon the Atlanteans. Furthermore, through the sub-conscious negative energy of the Martians, who had never really felt at home amongst the Atlanteans, influences of cosmic evil were again to affect the etheric planes, and create further disharmonic levels of consciousness. In addition, the Great Crystal could be tuned to a frequency that could cause death and destruction, and through the fear consciousness created by this pole shift, abuse of the Great Crystal was to come about through the Sons of Belial. The Sons of Belial under the influence of cosmic evil, in the form of the Martians and the Anunnaki, followed their own selfish desire for power through materialism and negative ego allurements. They created distortions in your energy fields and that of Mother Earth, by abusing the Great Crystal, and in approximately 17 500 B.C., to 15 000 B.C., nearly destroyed the Earth's atmosphere by accidentally tuning the Great Crystal to such a degree that it created huge volcanic activity within the core center of your Earth.

Shortly after this volcanic activity, which weakened the electromagnetic and geomagnetic structure of your Earth plane, a comet approached Earth, destroying the Great Crystal, and with it, pieces of the continent of Atlantis. This comet soared into the western shores of Atlantis, close to where Charleston, South Carolina is today. In the South western region, one of the two largest pieces struck the main body of Atlantis. Portions of Atlantis sunk as it broke into several islands, leaving three main islands, Poseida, Aryan and Og. Over time, through the continued abuse of the Great Crystal, you shifted to the lower octaves of fourth dimensional consciousness, and later, following the Martian experiment, you would shift from a fourth dimensional consciousness to a third dimensional consciousness, with many of you beginning to doubt your infinite eternal connection to Mother/Father God. As the comet was approaching Earth, you were able to see it in space. The Martians wanted to use the Great Crystal to destroy the comet in space, but most of the Atlanteans, wanted to allow the comet to approach the Earth, thinking that it would land in your ocean without causing too much destruction. As it happened, sweet ones, the comet did not land in the ocean! It hit Atlantis! In fact, as it hit Atlantis, due to the weakened electromagnetic and geomagnetic grids created through the abuse of the Great Crystal, it greatly destroyed your Earth plane. And when pieces of the comet landed in the South western region, it landed where most of the Martians were living, killing many of them. This caused an even bigger rift between the Martians and Atlanteans, who were now determined to take control. Over time the Martians plotted and schemed, and fuelled by anger, decided that they would create a synthetic Merkaba like they had done nearly a million years ago on their own planet. At this stage, you were still mostly at a fourth dimensional level of consciousness, and the Martians wanted to create a frenzy of lower dimensional activity. The idea was to activate this synthetic Merkaba, and dimensionally shift your Earth plane to a three dimensional frequency of amplified human miscreations, which would allow the Martians control through external power and domination. They also understood the sacred geometries of the Christ Consciousness grid around this Earth plane, and within this Solar System. They knew that by creating this synthetic Merkaba and specifically using the shape of the star tetrahedron, they would interfere with the connection of all Life to the Christ Consciousness grid, and your original Divine eight-cell blueprint. However, they were unable to remember the technology, and this experiment which took place in approximately 11

000 B.C., was considered a failure, although in many ways it achieved its purpose, through the near destruction of you and your planet. This synthetic Merkaba spiraled completely out of control, ripping open the lower dimensions on the Earth plane, and completely destroying the Christ Consciousness grid around the Earth plane as well as your original divine encoding through your eight-cell blueprint and the Star of Melchizedek. Furthermore, millions of laggard Souls who were waiting to incarnate onto this Earth plane through the lower dimensions, entered the bodies of Humanity, and you sweet ones, and almost every sentient Being on this Planet, entered into an era of darkness. In addition, this synthetic Merkaba, which is now at the bottom of the Ocean bed beneath what you call the Bermuda Triangle, distorted the Patterns of Perfection through many dimensions and planes of existence.

At this point, sweet Ambassadors, we would like to digress slightly to explain how this action affected Atlantis and the Halls of Amenti. Atlantis was Overseen by a physically manifest Cosmic Being who was known as the "Dweller on Unal" or "Master Horlet". At this time, Master Horlet resided in a gateway or dwelling known as Temple Unal, a square Temple three miles wide and one mile high, which existed ninth dimensionally within the ethers of your Earth plane. And within Unal, there existed a gateway to Amenti, where the cold Flower of Life exists eternally. Now directly opposite this Temple, Master Horlet constructed the Temple Undal, and divided it into two sections. The training of the Priesthood took place on the one side over a period of fifteen years, and on the other side of the Temple Undal, training of the scientists and philosophers occurred. Master Horlet was the Cosmic Being who instructed Thoth, as a Master of Wisdom, to take the Atlantean records of your Highest Potential as well as nine master crystals, and go to the land of Khem, which was later to be known as Egypt. Due to the Martian experiment, Master Horlet assisted the Cosmic Lords of Amenti, Sanat Kumara and Nature Intelligence in the sinking of Atlantis, and further, the Temple Unal and the Temple Undal were also sunk just after the Fall of Atlantis. This natural tragedy prevented the many wonderful teachings through the Halls of Amenti to be available to Humanity, and in ancient Egypt, these teachings were only available to advanced initiates – until you were able to work with the Bermuda Triangle, to correct the artificial space-time warp created through the Martian experiment, and further, unveil the Etheric Records of Atlantis, which occurred sweet ones, by the Grace of God, in 2001. Etherically Temple Unal and the Temple of Undal have arisen, and the gateway to Amenti has reopened, so we can again bring you many of these ancient teachings from the Halls of Amenti, and make these teachings available to all seekers of the Light.

Additionally, sweet ones, you are now able to experience the energy emanating from the 12 Pyramids of Light around the Unity Grid of Divine Love, and in this transmission, we take you into the etheric Pyramid of Atlantis, Overlighted by the Sirian Archangelic League of the Light, with Thoth as your Master Guide, so you may experience All That You Are as these sacred transfiguring Flames of Divine Love and Master Beings of Light. 2010-02-25 **Ayn Rand, Hugely Popular Author and Inspiration to Right-Wing Leaders, Was a Big Admirer of Serial Killer**

Her works are treated as gospel by right-wing powerhouses like Alan Greenspan and Clarence Thomas, but Ayn Rand found early inspiration in 1920's murderer William Hickman.

By [Mark Ames](#) / [AlterNet](#)

February 25, 2010

There's something deeply unsettling about living in a country where millions of people froth at the mouth at the idea of giving health care to the tens of millions of Americans who don't have it, or who take pleasure at the thought of privatizing and slashing bedrock social programs like Social Security or Medicare. It might not be so hard to stomach if other Western countries also had a large, vocal chunk of the population that thought like this, but the U.S. is seemingly the only place where right-wing elites can openly share their distaste for the working poor. Where do they find their philosophical justification for this kind of attitude?

It turns out, you can trace much of this thinking back to Ayn Rand, a popular cult-philosopher who exerts a huge influence over much of the right-wing and libertarian crowd, but whose influence is only starting to spread out of the U.S.

One reason most countries don't find the time to embrace Ayn Rand's thinking is that she is a textbook sociopath. In her notebooks Ayn Rand worshiped a notorious serial murderer-dismemberer, and used this killer as an early model for the type of "ideal man" she promoted in her more famous books. These ideas were later picked up on and put into play by major right-wing figures of the past half decade, including the key architects of America's most recent economic catastrophe -- former Fed Chair Alan Greenspan and SEC Commissioner Chris Cox -- along with other notable right-wing Republicans such as Supreme Court Justice Clarence Thomas, Rush Limbaugh and South Carolina Gov. Mark Sanford.

The loudest of all the Republicans, right-wing attack-dog pundits and the Teabagger mobs fighting to kill health care reform and eviscerate "entitlement programs" increasingly hold up Ayn Rand as their guru. Sales of her books have soared in the past couple of years; one poll ranked *Atlas Shrugged* as the second most influential book of the 20th century, after the Bible.

The best way to get to the bottom of Ayn Rand's beliefs is to take a look at how she developed the superhero of her novel, *Atlas Shrugged*, John Galt. Back in the late 1920s, as Ayn Rand was working out her philosophy, she became enthralled by a real-life American serial killer, William Edward Hickman, whose gruesome, sadistic dismemberment of 12-year-old girl named Marion Parker in 1927 shocked the nation. Rand filled her early notebooks with worshipful praise of Hickman. According to biographer Jennifer Burns, author of *Goddess of the Market*, Rand was so smitten with Hickman that she modeled her first literary creation -- Danny Renahan, the protagonist of her unfinished first novel, *The Little Street* -- on him.

What did Rand [admire so much](#) about Hickman? His sociopathic qualities: "Other people do not exist for him, and he does not see why they should," she wrote, gushing that Hickman had "no regard whatsoever for all that society holds sacred, and with a consciousness all his own. He has

the true, innate psychology of a Superman. He can never realize and feel 'other people.'"

This echoes almost word for word Rand's later description of her character Howard Roark, the hero of her novel *The Fountainhead*: "He was born without the ability to consider others." (*The Fountainhead* is Supreme Court Justice Clarence Thomas' favorite book -- he even requires his clerks to read it.)

I'll get to where Rand picked up her silly superman blather later -- but first, let's meet William Hickman, the "genuinely beautiful soul" and inspiration to Ayn Rand. What you will read below -- the real story, details included, of what made Hickman a "superman" in Ayn Rand's eyes -- is extremely gory and upsetting, even if you're well acquainted with true crime stories -- so prepare yourself. But it's necessary to read this to understand Rand, and to repeat this over and over until all of America understands what made her tick, because Rand's influence over the very people leading the fight to kill social programs, and her ideological influence on so many powerful bankers, regulators and businessmen who brought the financial markets crashing down, means her ideas are affecting all of our lives in the worst way imaginable.

Rand fell for William Edward Hickman in the late 1920s, as the shocking story of Hickman's crime started to grip the nation. He was the OJ Simpson of his day; his crime, trial and case were nonstop headline grabbers for months.

Hickman, who was only 19 when he was arrested for murder, was the son of a paranoid-schizophrenic mother and grandmother. His schoolmates said that as a kid Hickman liked to strangle cats and snap the necks of chickens for fun -- most of the kids thought he was a budding manic, though the adults gave him good marks for behavior, a typical sign of sociopathic cunning. He enrolled in college but quickly dropped out, and turned to violent crime largely driven by the thrill and arrogance typical of sociopaths: in a brief and wild crime spree that grew increasingly violent, Hickman knocked over dozens of gas stations and drug stores across the Midwest and west to California. Along the way it's believed he strangled a girl in Milwaukee and killed his crime partner's grandfather in Pasadena, tossing his body over a bridge after taking his money. Hickman's partner later told police that Hickman told him how much he'd like to kill and dismember a victim someday -- and that day did come for Hickman.

One afternoon, Hickman drove up to Mount Vernon Junior High school in Los Angeles, telling administrators he'd come to pick up "the Parker girl" -- her father, Perry Parker, was a prominent banker. Hickman didn't know the girl's first name, so when he was asked which of the two Parker twins, he answered, "the younger daughter." Then he corrected himself: "The smaller one."

No one suspected his motives. The school administrator fetched young Marion, and brought her out to Hickman. Marion obediently followed Hickman to his car as she was told, where he promptly kidnapped her. He wrote a ransom note to Marion's father, demanding \$1,500 for her return, promising the girl would be left unharmed. Marion was terrified into passivity -- she even waited in the car for Hickman when he went to mail his letter to her father. Hickman's extreme narcissism comes through in his ransom letters, as he refers to himself as a "master mind [sic]" and "not a common crook." Hickman signed his letters "The Fox" because he admired his own cunning: "Fox is my name, very sly you know." And then he threatened: "Get this straight. Your

daughter's life hangs by a thread."

Hickman and the girl's father exchanged letters over the next few days as they arranged the terms of the ransom, while Marion obediently followed her captor's demands. She never tried to escape the hotel where he kept her; Hickman even took her to a movie, and she never screamed for help. She remained quiet and still as told when Hickman tied her to the chair -- he didn't even bother gagging her because there was no need to, right up to the gruesome end.

Hickman's last ransom note to Marion's father is where this story reaches its disturbing end. Hickman fills the letter with hurt anger over her father's suggestion that Hickman might deceive him, and "ask you for your \$1500 for a lifeless mass of flesh I am base and low but won't stoop to that depth." What Hickman didn't say was that as he wrote the letter, Marion had already been chopped up into several lifeless masses of flesh. Why taunt the father? Why feign outrage? This sort of bizarre taunting was all part of the serial killer's thrill, maximizing his sadistic pleasure. But this was nothing compared to the thrill Hickman got from murdering the helpless 12-year-old Marion Parker. Here is an old newspaper description of the murder, taken from the [Pittsburgh Post-Gazette](#) on December 27, 1927:

"It was while I was fixing the blindfold that the urge to murder came upon me," he continued, "and I just couldn't help myself. I got a towel and stepped up behind Marion. Then before she could move, I put it around her neck and twisted it tightly. I held on and she made no outcry except to gurgle. I held on for about two minutes, I guess, and then I let go. When I cut loose the fastenings, she fell to the floor. I knew she was dead. Well, after she was dead I carried her body into the bathroom and undressed her, all but the underwear, and cut a hole in her throat with a pocket knife to let the blood out."

Another newspaper account [explained what Hickman did next](#):

Then he took a pocket knife and cut a hole in her throat. Then he cut off each arm to the elbow. Then he cut her legs off at the knees. He put the limbs in a cabinet. He cut up the body in his room at the Bellevue Arms Apartments. Then he removed the clothing and cut the body through at the waist. He put it on a shelf in the dressing room. He placed a towel in the body to drain the blood. He wrapped up the exposed ends of the arms and waist with paper. He combed back her hair, powdered her face and then with a needle fixed her eyelids. He did this because he realized that he would lose the reward if he did not have the body to produce to her father.

Hickman packed her body, limbs and entrails into a car, and drove to the drop-off point to pick up his ransom; along his way he tossed out wrapped-up limbs and innards scattering them around Los Angeles. When he arrived at the meeting point, Hickman pulled Miriam's [sic] head and torso out of a suitcase and propped her up, her torso wrapped tightly, to look like she was alive--he sewed wires into her eyelids to keep them open, so that she'd appear to be awake and alive. When Miriam's father arrived, Hickman pointed a sawed-off shotgun at him, showed Miriam's head with the eyes sewn open (it would have been hard to see for certain that she was dead), and then took the ransom money and sped away. As he sped away, he threw Miriam's head and torso out of the car, and that's when the father ran up and saw his daughter--and screamed.

This is the "amazing picture" Ayn Rand -- guru to the Republican/Tea Party right-wing -- admired when she wrote in her notebook that Hickman represented "the amazing picture of a man with no regard whatsoever for all that a society holds sacred, and with a consciousness all his own. A man who really stands alone, in action and in soul. Other people do not exist for him, and he does not see why they should."

Other people don't exist for Rand, either. Part of her ideas are nothing more than a ditzzy dilettante's bastardized Nietzsche -- but even this was plagiarized from the same pulp newspaper accounts of the time. According to an *LA Times* article in late December 1927, headlined "Behavioralism Gets The Blame," a pastor and others close to the Hickman case denounced the cheap trendy Nietzschean ideas Hickman and others latched onto as a defense:

"Behavioristic philosophic teachings of eminent philosophers such as Nietzsche and Schopenhauer have built the foundation for William Edward Hickman's original rebellion against society," the article begins.

The fear that some felt at the time was that these philosophers' dangerous, yet nuanced ideas would fall into the hands of lesser minds, who would bastardize Nietzsche and Schopenhauer and poison the rest of us. This aptly describes Ayn Rand, whose philosophy developed out of her admiration for "Supermen" like Hickman. Rand's philosophy can be summed up by the title of one of her best-known books: *The Virtue of Selfishness*. She argues that all selfishness is a moral good, and all altruism is a moral evil, even "moral cannibalism," to use her words. To her, those who aren't like-minded sociopaths are "parasites," "lice" and "looters."

But with Rand, there's something more pathological at work. She's out to make the world more sociopath-friendly so that people her hero William Hickman can reach their full potential, not held back by the morality of the "weak," whom Rand despised.

Rand and her followers clearly got off on hating and bashing those they perceived as weak. This is exactly the sort of sadism that Rand's hero, Hickman, would have appreciated.

What's really unsettling is that even former Central Bank chief Alan Greenspan, whose relationship with Rand dated back to the 1950s, did some parasite-bashing of his own. In response to a 1958 *New York Times* book review slamming *Atlas Shrugged*, Greenspan, defending his mentor, published a letter to the editor that ends: "Parasites who persistently avoid either purpose or reason perish as they should. Alan Greenspan."

As much as Ayn Rand detested human "parasites," there is one thing she strongly believed in: creating conditions that increase the productivity of her supermen -- the William Hickmans who rule her idealized America: "If [people] place such things as friendship and family ties above their own productive work, yes, then they are immoral. Friendship, family life and human relationships are not primary in a man's life. A man who places others first, above his own creative work, is an emotional parasite."

Republican faithful like GOP Congressman Paul Ryan read Ayn Rand and declare, with pride, "Rand

makes the best case for the morality of democratic capitalism." Indeed. Except that Rand also despised democracy, writing that, "Democracy, in short, is a form of collectivism, which denies individual rights: the majority can do whatever it wants with no restrictions. In principle, the democratic government is all-powerful. Democracy is a totalitarian manifestation; it is not a form of freedom."

"Collectivism" is another one of those Randian epithets popular among her followers. Here is another Republican member of Congress, Michelle Bachman, parroting the Ayn Rand ideological line, to explain her reasoning for wanting to [kill social programs](#):

"As much as the collectivist says to each according to his ability to each according to his need, that's not how mankind is wired. They want to make the best possible deal for themselves."

Whenever you hear politicians or Tea Partiers dividing up the world between "producers" and "collectivism," just know that those ideas and words more likely than not are derived from the deranged mind of a serial-killer groupie. When you hear them saying, "Go John Galt," hide your daughters and tell them not to talk to any strangers -- or Tea Party Republicans. And when you see them taking their razor blades to the last remaining programs protecting the middle class from total abject destitution -- Social Security, Medicare and Medicaid -- and bragging about how they are slashing these programs for "moral" reasons, just remember Ayn's morality and who inspired her.

Too many critics of Ayn Rand -- until recently I was one of them -- would rather dismiss her books and ideas as laughable, childish, and hackneyed. But she can't be dismissed because Rand is the name that keeps bubbling up from the Tea Party crowd and the elite conservative circuit in Washington as the Big Inspiration. The only way to protect ourselves from this thinking is the way you protect yourself from serial killers: smoke the Rand followers out, make them answer for following the crazed ideology of a serial-killer-groupie, and run them the hell out of town and out of our hemisphere.
