### **HARD NEWS**

**T:** only need \$30 to finish paying for BBS this week! Thanks to all who contributed.

- Getting very exciting these days: will soon be doing the work we came here to do. NESARA is not about money; it is about stewarding the planet towards Divine Government.
  - St Germain said he will be back – and he is!
- Before St Germain spoke on Tuesday, Ladi Di and others said **it is happening behind the scenes** – there is much that needs to be done and **it is huge!**
- Rama had the intuition to go to the Hemp Store where they make everything: furniture,

clothing, jewellery, food; were having a mini fair in front of the store, about legalizing hemp across the country and revising the economy across the country – and do it before April 23<sup>rd</sup>

- the 3 tall Pleiadian women showed up: they go to college to be involved on the ground; blonde, blue eyed – tall and gorgeous: yet their mission is to wake people up: their message to Rama via a phone they made
- they got Nassim Harimein on the other line [quantum mechanics theoretical physicist – very good friend of KOS, knows about the ET s, last week was the Science and spirituality interview – knows all about spirituality]:
- **R asked** when are we going to see what we are waiting for; NH said it is already happening; you might not see it all, but it is happening!
- R: Nassim, people out there want to know what we're smoking: no one has been held accountable, much less get arrested; the economy has not changed; the money goes to the 1/10th of 1%; where is full disclosure? Where is the enactment of NESARA? Where are these changes?
- NH: just listens and waits and says, Just a minute - then makes a phone call with the Pleiadian ladies, and a voice says "Good evening; it is nice to meet you, cousin of mine [R is in the lineage of

Count St

all of what you are asking is happening right now.

- where are the visible signs?
    - Your beloved Max Keiser and Stacy Herbert they are nailing these guys every single day
    - all of my amythest fleet are in orbit; my ground crew is on the ground – they are infiltrated with Mr 19.5\* inner circle
    - weekly Obama meets with the Aahar Command; KOS; Tom the Ring Tailed Cat; Larry, Curly & Mo and dozens of other ground crew – he also goes to Sirius on a regular basis and meets with the Sirian Council of 9
    - You are going to see these folks ending their existence right in this moment
    - that one who was here before the gods were here is doing her job, bringing in energies even beyond the 6<sup>th</sup> sun which changes everything
    - the guardians of the galaxy are here
    - Namaste!
  - Rama, the 3 Pleiadians: Namaste sir! See you on the bridge!
  - R got the feeling in his gut that things WERE happening in that moment.
    - Then the 3 Pleiadians gave Rama a sign : watch what we do. They waved their hands in a spiral movement and the 3 police cars that were going down the road stopped when the batteries died: they couldn't get back up, no batteries & only one cell phone worked
    - They said: this is how easy it is for us to shut down their equipment of these ones. You're going to see what you've been waiting for right now
- R:** gotta go and get ready for the call! The 3 said "See you on the bridge, and tell everyone on the call thank you for your service!"

**R:** spoke with **KOS, Di and Dodi today.** We are approaching the WESAK festival: they are putting it that each day, each second that goes by we see more and more of blatant of exposure where these ones are not helping the least among us, but giving them the finger!

- KOS says the energies are at such a deep core level that every single day, we are seeing outright absolute blatant crimes in front of the people: every day a black man goes down.
- in the last 24 hours, another man was killed in Houston TX – shot because he put his hands back in his car after he was told to get out of the car: he was black! This is called the Gestapo!

**T:** the signs she does see that people in positions in power are backing down. There are some really nasty ones and you can see it if you look at their auras.

- Laurence O'Donnell is all about the 73 year old Mr Bates who was a volunteer policeman; now being said that he did not have the proper training; the taser is bright yellow and it's strapped on the chest. For him to be not trained, 73 years, nor all truthful – can't confuse a gun and a taser as they are in different places on the body. Brought it down to 2<sup>nd</sup> degree manslaughter & 4 years & a fine; Laurence saying it should be brought up to 1<sup>st</sup> \* murder.
- Also, both cops need to be arrested too: said "F\*\*\* your breath!" when the one they shot said he couldn't breathe. They are supposed to respect life & not let judgmentalism get involved.

**Caller:** about 3 weeks ago, mentioned about amnesty for Bushes and others until 2016: what year are we in?

**T:** Bush Jr gave himself and his administration [Bush / Clinton crime family: all involved in 911] immunity; Thom Hartmann saying since they will never admit to what they did, why not forgive them and give them amnesty & then make them apologize for their war crimes – yet all he was talking about was going into Iraq, and none of the rest of it.

- DON'T YOU DARE DO THAT! WILL NOT BE ALLOWED!
- Will be in 2017 on Aug 18<sup>th</sup> of this year

**Caller:** all this will happen this year: the Bush administration getting arrested for 911

**T:** they will never 'fess up – that's a pipe dream.

**Caller:** how is this to be rectified? Need to settle this immediately

**T: REMEMBER, the wisdom of the galactics is in play here & it is happening from the galactic end ;** there are 16 million ground crew on the ground;

- St Germain says it is already happening whether we see it or not.
- The dinar people will also be arrested – all part of the cabal – only NESARA WILL BE COMING OUT HERE.
- So many people coming from a place of frustration because they cannot practice patience & then it turns into anger and rage.
  - yesterday, a 60 year old man put a gyrocopter on the Capitol grounds: he pre-announced it - every time something like this happens, it is another member of the public making a statement because he said we need to get money out of politics
- This is **coming from the purvue of higher consciousness**. When we give our hearts to love then things can happen.

**Caller:** a lot of people have been injured, killed, lost their homes and so many other things including families

- those who are telling people about the dinars and misleading people, falsely building up hope also need to be arrested

**T:** Every soul that incarnates and especially in this life time has taken on galactic karma and intergalactic karma as well as our own personal karma because we knew that in this lifetime, we could preserve for the future of our childrens and grandchildrens lives: we could do something right now to make a difference for the future

- What we have all done, we have done for the sake of the whole – it only takes a small group of concerned citizens to make a change. It has been an inner awakening for us all
- it is an inner awakening that is happening at this moment

**Caller:** when Tara was talking about St Germain and her voice was so funny: it gave him a shock in his back

- What has she found are good ways to transmute the energies coming in

**T:** there is a 45 minute piece tonight – explains a lot of the story and how we got caught in the matrix during the times of Atlantis: the energies were then as they are now – rising to exponential levels. Yet then we could manifest out of thin air and as we got denser and denser, we lost that ability.

- This piece touched Rama deeply: he talks to Amrita Melchizadek and told her about the Pleiadian women and she said "They are the ones!"

**MR:** when her Robert was hiking on Mt Shasta, he saw 2 beautiful women who were in their birthday suits and gave him directions about how to get where he wanted to go; he could always find the Pleiades no matter where they went – it was the last place we came from.

**T:** the I Ching for this week is also so positive – good energy for us.

**Reading: I Ching for the week of April 13 – 20.**

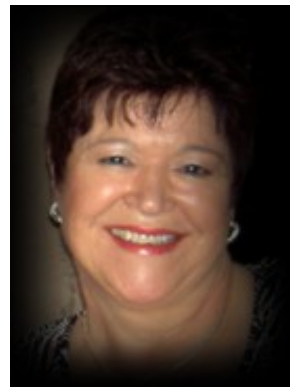

[SEE BELOW]

- #55 which is D'yanna's no – could mean she has a new start – in hospital
- this time is so powerful which is why they are threatening thermo nuclear war
- Steve Cohen was on Thom Hartmann again: the war in Ukraine is the proxy war being fought
  - why do you think the Russians would kill all the Ukrainians from eastern Ukraine when so many of them are relatives of several generations back? This is a proxy war, and there are Black Ops from the west pretending to be both pro-Kiev and pro- Ukrainian activist
  - Putin had a 4 hour meeting – being reported as lying by the western media;
- **T:** knows there all kinds of new local businesses that they are not getting from the west: the russian people will put their heart and soul into things and make things a success.
- Must continue doing our daily practices and not give up on it.

## Guest: Omena

**To discuss:** relationships, especially problems in them there are usually 3 kinds:

- adult-adult usually mature;
- parent-child, maybe the oldest and youngest in the family;
- child-child – often competing with each other: don't understand that all their needs were not meant end up competing
- the parent-child one: the parent tells the child in the r'ship what to do or not
- adult to adult: the parent, the child, the adult everyone is part of it & so a better chance of a successful relationships

- Re'ships – often about ourselves; not really talking about falling in love time- that is usually a good time.
- don't let someone become a priority in your life, when you are just a in theirs
  - a re-ship without trust is like a car without gas – can stay there all you want, it won't go anywhere – takes two mature people to make a re'ship work
- If we work on a relationship and have the attitude that we met for a reason and maybe it's about lessons

**MR:** this IS school house Earth, after all!

**O:** Likes the saying "Stop waiting for Prince Charming: get out and find him – he may be stuck in a tree somewhere"

- the basis of a friendship or a partnership: to be honest in a re'ship, have to be vulnerable in a r'ship – don't just say yes to keep the peace; suspects that many are afraid to ask for what they want in the re'ship or what the other person means; afraid they might be dependant or be offending
  - a good re'ship brings out the best in you, makes you a better person – a way to gauge it
- Line is open for people to call in

**T:** the astrology has been saying for a long time to change re'ships that are not working; same as the re'ship with ourselves & the universe: choose to move into a higher set of good vibrations. The prosperity and abundance & other things we have been waiting for are at hand.

- The Vibration on the earth is certainly going up – making people become more aware about becoming whole on their own – one of the reasons for separations and / or divorces. People are growing more spiritual and becoming more whole for our higher good.

**MR:** people commenting that divorce is going up, family life not the same any more – it may be that people don't have the same value about family, but could it not be true that we realize that we need to move

on and learn something else?

- Yes! Should one have several failed relationships, need to take a look about who we are and what are our priorities. There are different family values but if there is love, respect and integrity in the family whatever its makeup, that is what matters.
- MR:** in her counselling does she see changing patterns?
- Sees a lot of wounded children looking for love no matter where they find it – some people just need a bit of information about where they are in their lives, and how strong they really are: sometimes a matter of reflecting back to them what they need.
    - people misunderstand what unconditional love is – hard concept to get that don't need to love the person
    - when people are breaking up, sometimes one does nothing but blame the other – never look at self. When a relationship breaks up, it's time – just be quiet about it.
    - A relationship is personal, but that does not mean we have to personalize everything in it.
      - Takes a lot of practice: if a person goes on and on, and there is no response: just listen and let them listen to themselves: eventually they will hear themselves
  - The Irish are good at telling you to go to hell and have you look forward to the trip! That is Irish diplomacy! They've had about 1000 years of practice [at war] - they have long memories and are very witty; they also make great martyrs.
    - It was not unusual in her day for a woman having trouble in her marriage to go to bed and stay there for a week; thinks that takes a lot of courage! The others just said "They have their troubles."
  - Omena asks a caller: Can you imagine yourself going to bed for a week and letting all go to pot?
    - The answer was "no" **O:** So it does take a lot of courage! May be a form of avoidance but eventually something comes around. Doesn't recommend it to anyone!

**T:** relating this to a larger scene: our democracy went out the window a while ago, and we've been practicing patience for some time, and also asking when, when, when, when??? We have gone to bed for about 40 years!

- For those having trouble in their re'ships: Don't make permanent decisions on a temporary feeling.

**T:** we've demoted our politicians and now we have a lot of with big toys. Thom Hartmann:

- Libertarians relate everything to property - as long as it doesn't harm anyone else – when you melt the icecap you hurt half the people in the world, as well as yourself

### **Signs in Omena's office:**

- "Dear Karma: I have a list of people you missed!"  
Truth may set you free, but first they have to piss you off! If you are faced with having to tell the truth, it's hard yet deep down, we know the truth about ourselves
- "Be yourself! Everyone else is taken!" [said by Oscar Wilde]
- Humour is often missing in relationships; communication, compromise and commitment!
- She often times find people with commitment to the relationship, maybe not to the particular person. She calls it karma, but she'll respect that commitment.

**T:** tonight on al Jazeera in the section discussing the haulocaust: Gene Klein, a haulocaust survirot said that when he was 16, he and his father were picked up and taken by train to somewhere; father sent left, boy send right – the next day, he found out what happened: they were at Auschwitz! The son saw the chimney smoking and the others told him where is father was.

- He committed to survive and to know in his heart and know it every day that he and his mother and 2 sisters would survive: he made a relationship to the situation and his family – and IT WORKED!

**O:** when in such a situation, you are brought down to the bare bones of the relationship and everything in you is challenged: the love is so strong he could survive

**T:** one day he looked out side and saw 2 horses, one with a rider, one without. One wearing a cap with a red star : knew that someone else was there who was not German; three of them ran to the barracks and opened the doors and said We are free! We are free! He could hardly tell the story even at this time,

**O:** To make a relationship work, we have to each give up something in a relationship; sometimes people spend too much time "correcting" each other and not on the positive side. A good relationship is based on "want", not "need"

- Look at happy people and see what makes them happy – as you bring in new knowledge, you learn from that and change yourself. If you want a better parent, adopt one so you can learn.

**T:** what's happening here? We are living in a time when we are moving to a higher vibration: the idea of relationship takes on the idea of expansion: we are in the age where we could annihilate everyone!

**O:** this will not happen as there are more and more people growing spiritually and recognizing the connections between people and that we are all the same.

**T:** getting to that point of realization: there are higher beings monitoring the situation and will not allow destruction: it comes back to we are all One, we would all suffer if that kind of technology, so we are all responsible for the situation that exists, and for finding the solutions. The idea of being a universal being is at work here.

**O:** humanity: languages have nothing to do with skin colour, ethnic situation:

- we all have feelings in common & feelings have their own language: everyone grieves, loves, feels joy, cries when they are hurt even if they express it differently
- Important to realize that if we want to be trusted, we have to be honest; if we want to be honest, we have to be true; if we want to be true, we have to be ourselves. This is about awareness of self – but if we appeal to the hearts of people and validate people by feelings, we have won them over
- If every person on the planet were taught yoga from the age 8, there would be no war. Yet belief systems get in the way of that human development which blocks the development of the spiritual beings we are. She has travelled a lot and not understood the language, yet people still understand the language of an open heart, an open smile, an open face, an open mind - this is where it begins.

**T:** they were doing the show in 2010 or so; they played a piece about a

- got one million children together for world peace: they did yoga, did "OM" for a while, said "peace" at the end of each segment – changed the energy

**O:** friends change over time: we may grow out of this and bring new friends in; we may remember the person and the good memories or not good which teach us about ourselves – part of growth.

- To want people to fulfill needs that we can only fulfill for ourselves
- Talks about the global situation, and people wanting to be dominant with their particular belief systems – won't change until the souls change a bit more; there are also souls coming in who are lot brighter, more advanced, brains and hearts are much bigger and they only want peace.

**MR:** a speaker was explaining about the difference between the old and young souls – accounts for the kind of religion that is chosen: the young soul is still learning and will choose a religion that gives them some kind of structure.

**O:** the flower children- a huge influx of adolescent souls – brought in a totally new expression – started with Elvis Presley who loved to dance and sing, which is what the current kids are bringing in. When you get to the place of being an old soul, don't have to do much: just

holding the space of being wise: when you meet a wise old soul, you wonder why they are so serene – they realize life on earth is an illusion, so they don't take things so seriously. The wiser we become, the more silent we become.

**T:** about the yoga statement: talked of an Indian friend in Santa Fe who went to the police and fire dep't academies & now teaches meditation and yoga which they have to take before they graduate!

**O:** as for the current situation with the police: could be about how long it will take before people rise up and say "This is wrong!" - to make us all aware of the injustice. We cannot get away with things anymore: we are so insensitized to violence that this blatant violence is needed to make us respond to the situation as Martin Luther King led the million person march on DC.

### **Hard News**

**T:** watching Jon Stewart who was playing Sherlock Holmes, and giving a lecture to a pink balloon.

- Cheney was on today saying that Obama is aiding and abetting the enemy; Jon speaking to that: it was too funny!

Sen Ron Widen Democrat from Oregon: Rachel Maddow discussing him and what he did in 2002 - suggesting to stock market world that they apply a teeny teeny teeny weeny transaction tax to each transaction, and made a stronger suggestion in 2009 – she went into detail about a rich hedge fund owner in NYC who is funding Ted Cruz.

- The same rich hedge funder found someone in Widen's district and has put this person to run against Widen every time since 2002: this one is a bit cuckoo. He's been advertising himself as a research scientist & has people send pee to him in the mail!
- The hedge fund manager has spent all kinds of money to have him wrangle with Widen
- Nobody could figure it out until today, comes out: Widen is trying to influence the Democrats to force through a fast track to the TPP – or **SHAFTA** [south hemispheric pacific trade agreement].
- What he is doing is not very democratic; this is supplying fuel for the global oligarchy who have their own international tribunals & will allow them to sue whole countries if the country tries to prevent fracking or other anti-environmental activity – will get them billions
- a **caller said**: China needs lots of trees, and Widen wants to clear cut forests in Oregon. There is a special protection on this forest which has to do with the Native American nations people.

**T** thinks that what is happening is that someone is threatening to wring his neck, and Widen is being used to get those trees in Oregon – really evil stuff!

### **Closing: Mother**

Greetings in the Light of the Most Radiant One; In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

**T:** we ask for a greater awareness of what is happening at this time!

**Mo:** In this moment, we have contained all the magic and beauty; we have brought the memories back into full consciousness, what it was like to be goddess/god of the Most High; we have come full circle.

**T:** they talked of the Ayrar race coming in during Atlantis, the same race Hitler was invoking

- the 5 islands broke up because of the abuse of the crystals

**Mo:** this time we get it right; this is NOW - all we need do is focus on love

- Greetings in the Light of the Most Radiant One!
- Kodoish, Kodoish, Kodoish; Adonai 'Tsebayoth.

As you let it happen, consciously, with awareness, you, your tribe, and your projects will quickly be filled to the brim with success and light and love. Old, stale and crumbling structures will dissolve almost in an instant, and your sadness, grief, and depression will disappear, even if you don't want them to. You see, there has been woven into your genetically influenced behavior the fear of letting go of the old structures of doubt and sadness that have held you, and countless ones before you, in place. The ego tries to convince you that's all that tethers you to this earthly existence. Even though these fears have caused much suffering, they are all we have known. Yet this is an illusion, a false trick of the ego, which has been programmed over countless generations, automaton that it is. No worries. What will emerge now is beauty, truth, and goodness—in abundance, if you allow yourself to continue on the road to self knowledge.

This is all happening as if it were a directive from on high: this must happen. It is that sure, that real, and that solid. Believe it.

This is a time when you have great influence on the course of events in your life, on your relationships, and on your health. Be careful not to use this influence for strictly personal gain or to get power over others. Guard against any foolishness. If you were to revert back to the old fear programming and act in a negative or selfish manner, what you gain will evaporate, and you will be left wanting, in deep sadness, until you finally integrate the truth of this lesson in some future cycle. So be sure to shine the light of love and compassion on all those around you and work for the greater good.

Although this time of abundance will fade, you will not be left in the dust of your dreams. Through proper behavior and the activity of sharing your abundance and exhibiting loving kindness, you will not be left wanting after this cycle is complete; you will be left with an afterglow, and the sly, attracting smile of the Cheshire Cat, who raises important philosophical points that vex yet amuse us.

In essence, the caged bird held long inside you is released, without judgment or blame. You are free, free at last! The force of attraction of this cycle will remain with you as you find deeper and deeper meaning in your spiritual and emotional life and in your position in the New Earth tribe, of which we are all part.

Be brave in your communication;  
You will be heard.  
Do not fear truth;  
This dynamic is the path of freedom.

Abundance has many meanings and applications. There is for you now abundance in love, health, business, spiritual growth, art, and in the ability to communicate clearly with those around you. Invite those you love to celebrate this time with you, to love you, to join with you in your inner expansion. And keep in mind that as you are loved, you have no obligations other than to receive that love.

The good omens have been showing up in your life. The angels have been joyfully working overtime. During this time, you will learn more about how to decipher the symbols and omens of goodness and light. Through keen observation, you will instantly know when to temporarily retreat so that, when the ogres show their three heads, you will remain safe and secure.

Dance, sing, love, cooperate, copulate, and be joyous . . . this is your time, the best of times.

Love abounding

In lak'ech: I am the other you *BobbyK*

**The Pyramids of Light ~ The Atlantean Pyramid**

**Elders April Transmission**

The Atlantean Pyramid creates the illusion of realities in time on the Earth plane.

The soul who oversees this pyramid goes by the frequency, Arlis-Cochizel.

In the temple of the crystals the goddess sits,  
she whose consciousness creates all and everything from within.

Through this crystal matrix a race of evolved humans was born.  
And when it was time for those souls to once again submerge in the  
sea of creation to evolve into a new experience,  
the crystals would echo the harmonics and the souls would remember and align for transition.

The Atlantean Pyramid has great mythology about an ancient time  
when man used his gift of intuition and worked with spirit.  
It tells of priests and priestesses who used massive crystals and walked with giants and strange creatures on  
the surface of the planet.

This pyramid tells of I, Thoth, known as Thoth the Atlantean, or Tehuti,  
who ruled the land of Atlantis for thousands of years known there by many names and descriptions.

It is written that before the great civilization of Atlantis fell,  
I went with my consort and our high priests and priestesses  
in great spaceships, to create a new home and a new civilization.

That this place would be the land of Khem, known to you as Egypt.  
That I, and others from Atlantis, would record and store information  
in great libraries,  
in a place to be known as the Halls of Amenti,  
'Amenti' meaning 'Mankind'.

Listen now for the echoes of their tones within your mind.

And many would search for these records in their quest to  
remember why they have come here and who they are.  
And they would feel that they have greater purpose in this  
timeline and seek to find out what that purpose might be.

The Atlantean Pyramid would create tales of the fall of this great civilization  
as warning to those who would walk the earth at the time of this reading.

And humanity would worry about the destruction of its earth home.  
Fear not, as the souls need only remember their way home, into the light.

For there is no beginning,  
nor is there an end.

And I, Thoth the Atlantean, shall now take you to the  
Pyramid of Atlantis so you may experience all that you are.  
And you will understand what happened in the game of  
Light vs. Darkness. And you will remember what you must do.

## By Thoth the Atlantean

Welcome sweet ones. It gives us great pleasure to be with you in this Now, in this magical month of April, as you move deeper into the knowing of yourselves as Melchizedek Ambassadors of Light and sacred transfiguring Flames of Divine Love in service to Mother Earth and all her Life.

Sweet ones, in this sacred year of 2015, Overlighted by the Sirian Archangelic League of the Light, and with Thoth as your Master Guide, we have been taken you into a deeper level of remembrance of many of the Atlantean and ancient Egyptian Mystery School teachings.

In fact, the Golden Age of Atlantis was one of the highest levels of Cosmic Christ Consciousness achieved on this sacred earth, and in that Now sweet ones, you experienced lifetimes of Self-Enlightenment, the activating and actualizing of the full physical/etheric 12 Strand DNA, many of your extra-sensory perception gifts, and traveling too, in your activated Merkabas/Light Bodies. You lived your lives in Love and joy, walking the pathways of Divine Love, connecting with your Star Brothers and Sisters and the Giant races, and later choosing to down step your vibration and assist the Earth and all her Life in this sacred School of Learning.

Many of you hold too within your memory banks, not only the Golden Ages of Atlantis, experienced primarily between 50,000 B.C. to 18,000 B.C., but also the demise of Atlantis, through the Sons of Belial, and the Martians. And this fear, sweet ones, repeats itself in the illusion of realities in time on this sacred Earth and this plane of polarity.

Between approximately 17,500 B.C. and 15,000 B.C., Atlantis split into five Islands through abuse of the Great Crystal. The three primary Islands were Poseida, Aryan and Og, and the two smaller Islands, under the rule of the Aryan Race, were known as Atalya and Eyre. With this, came the evolution of two primary groups of differing beliefs; the Atla-Ra Scientist Priesthood of the 'Law of One', based predominantly on the Isle of Poseida and the Aryan Race of 'The Sons of Belial' based on the Isle of Aryan.

Those known as the Giant Race of Atlantis, primarily of Pleiadian descent, and around 10-12 feet tall, were also located in Poseida. Poseida was the headquarters and nucleus of the crystalline power grid. The most advanced and beautiful crystals were grown here, housed in wonderful Crystal Temples, and underground crystal beds.

Unfortunately over time, great rifts occurred between the Alta-Ra Priesthood and the Sons of Belial, not least due to the use of genetically engineered hybrid slaves (half man, half beast), and the material, power and control issues of the Sons of Belial. Additionally, a small group of Martians, a million years ago in their time, entered a portal of Light in Atlantis in approximately 65 000 B.C., leaving behind their world, which had been atmospherically destroyed. They were able to time travel into the future through the creation of a synthetic Merkaba. As the Martians had created a reality based on separation from Mother/Father God, they attempted to control and dominate the Atlanteans upon their arrival. After several unsuccessful attempts (mostly due to their small numbers), the Martians reached a point of mutual co-operation with the Atlanteans, with the Martians experiencing aspects of Love, and the Atlanteans learning the left-brain technologies of the Martians. This focus on peace, co-operation and harmony came about in approximately 50 000 B.C., when Mother/Father God expanded in a Cosmic in-breath of forgiveness and Love. At that Now moment, each atom and molecule through all dimensions was bathed in the Divine Unfolding Light of Mother/Father God, and this Solar System, like all dimensions, Star Systems and Galaxies in your Multi-Universe, was embraced in the amplified frequency of the Diamond, Golden and White Light emanating from the rays of One Unity Consciousness.

During this era of peaceful co-creation, the Martians assisted the Atlanteans in creating the Great Crystal; a huge electromagnetic laser structure used to harness the Sun's energy. This was an enormous project, using specific mathematical proportions, and assisted by Nature Intelligence, the Crystal Kingdoms, and many of you, sweet ones. This Great Crystal created a series of Fire Crystals, erected in sets of three, each twenty

foot high and eight foot wide. These Fire Crystals created a Solar source of energy by reflecting the Sun to a greater or lesser degree, depending on the tuning. It further allowed for the healing of your Planet, and individuals, through energy rays of light. During the Golden Age of Atlantis, using this Great Crystal was most incredible, as you had the ability to heal any frequency in the body. Furthermore, as we have mentioned, many of you were able to travel interdimensionally in your own activated Merkabas/Light Bodies within this quadrant of the Galaxy. In fact, a period of longevity ensued, and you were the most incredible, magical Master Beings of Love and Light, with a full physical/etheric twelve strand DNA; and the ability to undergo your cosmic initiations into the Cosmic Heart of Mother/Father God whilst in physical embodiment.

This era of peace ensued for 26 000 years, until 24 000 B.C., when you were again to enter the Photon Band for 2 000 years, and just prior to this, experience a pole shift through the null zone. At that time, a small piece of Atlantis sunk, and for the first time in thousands of years, a feeling of fear came upon the Atlanteans. Furthermore, through the sub-conscious negative energy of the Martians, who had never really felt at home amongst the Atlanteans, influences of cosmic evil were again to affect the etheric planes, and create further disharmonic levels of consciousness. In addition, the Great Crystal could be tuned to a frequency that could cause death and destruction, and through the fear consciousness created by this pole shift, abuse of the Great Crystal was to come about through the Sons of Belial. The Sons of Belial under the influence of cosmic evil, in the form of the Martians and the Anunnaki, followed their own selfish desire for power through materialism and negative ego allurements. They created distortions in your energy fields and that of Mother Earth, by abusing the Great Crystal, and in approximately 17 500 B.C., to 15 000 B.C., nearly destroyed the Earth's atmosphere by accidentally tuning the Great Crystal to such a degree that it created huge volcanic activity within the core center of your Earth.

Shortly after this volcanic activity, which weakened the electromagnetic and geomagnetic structure of your Earth plane, a comet approached Earth, destroying the Great Crystal, and with it, pieces of the continent of Atlantis. This comet soared into the western shores of Atlantis, close to where Charleston, South Carolina is today. In the South western region, one of the two largest pieces struck the main body of Atlantis. Portions of Atlantis sunk as it broke into several islands, leaving three main islands, Poseida, Aryan and Og. Over time, through the continued abuse of the Great Crystal, you shifted to the lower octaves of fourth dimensional consciousness, and later, following the Martian experiment, you would shift from a fourth dimensional consciousness to a third dimensional consciousness, with many of you beginning to doubt your infinite eternal connection to Mother/Father God. As the comet was approaching Earth, you were able to see it in space. The Martians wanted to use the Great Crystal to destroy the comet in space, but most of the Atlanteans, wanted to allow the comet to approach the Earth, thinking that it would land in your ocean without causing too much destruction. As it happened, sweet ones, the comet did not land in the ocean! It hit Atlantis! In fact, as it hit Atlantis, due to the weakened electromagnetic and geomagnetic grids created through the abuse of the Great Crystal, it greatly destroyed your Earth plane. And when pieces of the comet landed in the South western region, it landed where most of the Martians were living, killing many of them. This caused an even bigger rift between the Martians and Atlanteans, who were now determined to take control. Over time the Martians plotted and schemed, and fuelled by anger, decided that they would create a synthetic Merkaba like they had done nearly a million years ago on their own planet. At this stage, you were still mostly at a fourth dimensional level of consciousness, and the Martians wanted to create a frenzy of lower dimensional activity. The idea was to activate this synthetic Merkaba, and dimensionally shift your Earth plane to a three dimensional frequency of amplified human miscreations, which would allow the Martians control through external power and domination. They also understood the sacred geometries of the Christ Consciousness grid around this Earth plane, and within this Solar System. They knew that by creating this synthetic Merkaba and specifically using the shape of the star tetrahedron, they would interfere with the connection of all Life to the Christ Consciousness grid, and your original Divine eight-cell blueprint. However, they were unable to remember the technology, and this experiment which took place in approximately 11 000 B.C., was considered a failure, although in many ways it achieved its purpose, through the near destruction of you and your planet. This synthetic Merkaba spiraled completely out of control, ripping open

the lower dimensions on the Earth plane, and completely destroying the Christ Consciousness grid around the Earth plane as well as your original divine encoding through your eight-cell blueprint and the Star of Melchizedek. Furthermore, millions of laggard Souls who were waiting to incarnate onto this Earth plane through the lower dimensions, entered the bodies of Humanity, and you sweet ones, and almost every sentient Being on this Planet, entered into an era of darkness. In addition, this synthetic Merkaba, which is now at the bottom of the Ocean bed beneath what you call the Bermuda Triangle, distorted the Patterns of Perfection through many dimensions and planes of existence.

At this point, sweet Ambassadors, we would like to digress slightly to explain how this action affected Atlantis and the Halls of Amenti. Atlantis was Overseen by a physically manifest Cosmic Being who was known as the "Dweller on Unal" or "Master Horlet". At this time, Master Horlet resided in a gateway or dwelling known as Temple Unal, a square Temple three miles wide and one mile high, which existed ninth dimensionally within the ethers of your Earth plane. And within Unal, there existed a gateway to Amenti, where the cold Flower of Life exists eternally. Now directly opposite this Temple, Master Horlet constructed the Temple Undal, and divided it into two sections. The training of the Priesthood took place on the one side over a period of fifteen years, and on the other side of the Temple Undal, training of the scientists and philosophers occurred. Master Horlet was the Cosmic Being who instructed Thoth, as a Master of Wisdom, to take the Atlantean records of your Highest Potential as well as nine master crystals, and go to the land of Khem, which was later to be known as Egypt. Due to the Martian experiment, Master Horlet assisted the Cosmic Lords of Amenti, Sanat Kumara and Nature Intelligence in the sinking of Atlantis, and further, the Temple Unal and the Temple Undal were also sunk just after the Fall of Atlantis. This natural tragedy prevented the many wonderful teachings through the Halls of Amenti to be available to Humanity, and in ancient Egypt, these teachings were only available to advanced initiates – until you were able to work with the Bermuda Triangle, to correct the artificial space-time warp created through the Martian experiment, and further, unveil the Etheric Records of Atlantis, which occurred sweet ones, by the Grace of God, in 2001. Etherically Temple Unal and the Temple of Undal have arisen, and the gateway to Amenti has reopened, so we can again bring you many of these ancient teachings from the Halls of Amenti, and make these teachings available to all seekers of the Light.
