HARD NEWS

T: thanks to all for helping them catch up

- R: Talked to the snow flake beings** and the **elven ladies and lords** in the ski basin
- they are saying the energies are getting so high right now: the particles of sunlight coming in are changing physical matter and space time – affecting every soul
 - affecting the dark ones greatly
 - The orange Hitler is spreading more fear
 - The Dragon Lady is doing it in her way
 - a whole new section of Free Speech TV – doing something called My Peoples
 - each one is unique, different – the one she caught had Erica Williams and Jock Fox of *Gasland* who was talking of things that cannot be changed because things have gone too far
 - also watched something from Pirate TV of 2 months ago:
 - starting in 1880, showed how the majority of the planet was 2° lower than normal – ie, 2 degrees colder – 1950- 1983
 - in 1983 went crazy and became 28 above normal
 - the whole planet became orange, not blue – a full 7degree change
 - in 1880 started to change but became dramatic from 1950-1983 – then it went really crazy – that usually takes millions of years – in 125 years there was that kind of radical change!
 - cannot separate Bill and Hillary's actions
 - 1996 the death penalty act was instituted by him, and she is still for it
 - 1994 – the crime bill he instituted: the minimum mandatory sentencing structure has literally destroyed the African American communities
 - TPP is not allowed on the table
 - the Palestine Israel situation is also off the table
 - the story about the fake country called Israel which is really Palestine Rev Barbour has said all that needs to be said, like Sister Rosa & others

Audio: Rachel and Rev Barbour of the NAACP at the convention

2016-07-27 FULL: GET IT! Reverend William Barber - Democratic National Convention

2016 – 07 – 27 Rev. William Barber Rattles the Windows, Shakes the DNC Walls

by Lauren Victoria Burke

[SEE BELOW]

<http://www.nbcnews.com/news/nbcblk/rev-william-barber-rattles-windows-shakes-walls-dnc-n619456>

T: Rev Barber talked of needing Hillary BUT HE ALSO TALKED OF THE POWER OF “WE” -

- nor has Bernie Sanders conceded - THIS IS IMPORTANT.
- We have to turn things around now and may we pass every single test! Bernie was biting his tongue and it was tough to do what he had to do: lots of the younger members of the

Bernie movement are not following this all the way – to go to the Libertarian or to the Green Movement will get votes for Trump. **They do not understand the enormity of the history behind what is going on.** We have to make every effort to move the needle to understanding.

CONFERENCE CALL

- what we are learning about what we have done -
- water: to keep the meat 67 trillion gallons of water a year just to make meat – plus the grain that is grown to feed the animals
 - In Mississippi there is a massive drought: most of MS is a food desert and the person she was talking about wanted to get heirloom seeds – found the earth would not grow anything any more; imported soil from another state in order to have a garden. The am't of desertification: there is no time to waste in relation to growing food
- Hillary and delegates took FRACKING off the table: people are talking about how fracking has polluted the water for hundreds of miles in all countries of the world – the process and psychology of what is going on – they will try to get the bernie voters and won't; vote for Trump or Hillary – will go to Jill Stein:
 - Bernie is still right - WE THE PEOPLE HAVE TO PUSH THIS SCENE ALL THE WAY

Ro: as people are faced with a ballot that says Stein, Trump, Clinton – do they not vote?

T: we have the responsibility to see this DOES NOT HAPPEN

Ro: wants to bring out his light sabre – **T says it is not his job!** Our job is to help anyone in our milieu to wake up; our existence on this planet depends on it. We do not have anything in the bag unless we work at it all the time; in 1980, we went to sleep because they thought Jimmy Carter would get in again and the Bushes did a nasty and held on to the hostages until Ronnie put his hand on the bible

- We all came here to synergize our energies with the others – we knew that we incarnated to do this work; if we didn't, the experiment would be destroyed and the planet would be lost –
 - this lifetime has the potential to return immortality to all of us -there has never been a lifetime like this one-

Ralene: asks about Bernie running as an independent

T: It has to be done within the system we have – he'd be slaughtered if he ran an independent – need the kind of ticket where you can indicate which choice – you can say who is first then 2nd – can't have 10,000 people running as it would be chaos, but you could have a 3rd party at least and the members of congress would [be chosen proportionately]

Ro: the bernie supporters are pretty persistent

T: it is not an option right now: the timeline is not stable at all – we cannot even bank on having an election on the 2nd Tuesday in November

Ro: hopes intervention is before that

T: you still have either/or ideas in your head – either/or does not exist anymore because we are in a unity consciousness – Bernie knows that the weakest link is in the DNC because the DNC

fell on its face. We were pushed on our faces 450 billion years ago when the 1/3 were destroyed and the reincarnational pattern began.

- The record of our patterns has to do – age is irrelevant at this time – it's about awareness of awareness – goes way beyond the status quo and polarity: we've been programmed to think either this or that – and to go beyond that kind of thinking, it's next to impossible to bust out of it – we need to go beyond everything we thought we knew

Caller: why is the DNC the weakest link? The election of Jimmy Carter got taken out of our reach when the Bushes – after the 60s there was a fork in the road – one group was if you can't beat 'em, join em – I'm going to make a bunch of money; the 2nd group became radical optimists – resistance to that which was not OK. At the same time, gurus and teachers came from India, Tibet, and other countries to teach the people in the West

- the point is that those who did not become high rollers – the panthers, NAACP and all kinds of activist groups plus all the killings of the leaders of the day that happened: that people could make so much money was a psychological hijacking of our consciousness and, because lightworkers were falling by the wayside, Ashtar started the walk-in process – having a different soul to enter the body which could take the personality/ego in a new direction; many also literally lost their lives and a new soul came in – for example, Dove of Oneness who got in over her head in Silicon Valley so in 1993 she had a clone
- in 1993, Bush Sr was killed by the Japanese but it was a clone; he had been taken out by KOS after he signed an executive order to go forward with the Pigford Case. He and his cronies were trying to prevent it from going forward, and then he was killed and re-cloned.
- In 1993, T & R were in Santa Fe; Dove was in Phoenix, she had businesses with the wingmakers who promised to protect her – but the wingmakers were Black Ops of Bush / Clinton Crime family. Since 1980, Bush Sr was a heroin addict, not functioning very well; the Clintons took over: Hillary had the power of the trinity which was Bush Sr, Bush Jr, and her. She has retained that power since then.
 - The OK bombing 1993-4; she killed her lover in 1993-94; Waco was first – 1993-4 and she also killed, cloned Janet Reno & turned her into a pedophile, and the OJ Simpson drama went on for 2 years to cover it all up. It was on the table that Queen E 2nd would kill Hillary and have Di marry him: Di said no: she would only marry for love – and that's when the queen decided to kill Di and keep Hillary.
- Last night Hillary was being praised for loving children: yet Vince Foster brought her money for the children's defence fund and she did not use it for that purpose: put in in her own pocket and had Vince Foster killed because he knew too much
- Republican: based in racism and hate, let's have kkk and get rid [of anyone who's not white]
- DNC – not becoming aware enough, not pursuing knowledge with love, but still pursuing money and saying “I am a much better person than those following Trump” – the 7 deadly sins are there and the people are not really being aware of what is happening. If they were really on the spiritual path, they'd be calling this out
- Bernie represents using the Democratic party the way it was set up to do – he is spiritualizing

the material of that party – the young people are coming in and noticing things are not working right – they can see she is not trustworthy

- and Barack is in the mastery of who he is – he is teaching a kind of love
- on the republican side, Trump says he wants to punch anyone who said anything against him, and the people are rooting for that point of view which represents a lower understanding
- Not so sweet with Tim Kaine – he's a Jesuit – he knows there was a coup d'etat

Ro: notes an RT article: the Clinton campaign network is hacked / is being hacked by hackers – presumes Anonymous; also, 6 state employees criminally charged with Flint water crisis

Ra: Ireland is putting bankers behind bars

T: will be really ugly for the next 2-3 months as veils get ripped away

- **Maryland**– the mayor of Baltimore/the prosecuting attorney - the system is completely corrupted – no way that justice will be done – Marilyn J. Mosby

Deb from Detroit: talk of them prosecuting Mosby for bringing the case: Trump proposed it! And a group of police officers are trying to go after her! Also the AG from Michigan – they are going around throwing people under the bus: still trying to protect Rick Snyder – not only is he culpable, he was the one who made the decision – **he still has not spent the \$50 Million he got from Obama, and he has been sitting on \$250 BILLION** and, to date, the water pipes have not been repaired

T: he's not sitting on that money: he's putting it in the hedge funds and making more money on it – he's in his 2nd term & planning to leave with the money; they don't think that they will have to pay the piper

- this is what it means that we will see things get uglier; they wouldn't stop killing people and leaving them in a dark alley – like the 2 people who talked about the water in Flint and got killed for it.
- don't be surprised if DSW is found dead: she's now a loose cannon in the Clinton campaign –
 - that's how Hillary works – that is why it is so much worse on the Democratic side – the ethics have been stretched, placated; people are making money – and Tim Kaine in the name of catholicism will be involved in this, too

Deb: she knew what he did to the kids in Honduras; he went there on a mission and there is the whole thing of Katy Perry being on tour with Hillary and rumours about her being into satanism –

T: it is serious stuff and about money - Beyoncé - have found out she is having a clothing line of her own and using labour from India where there is sex trafficking going on

Carlton: is she aware of this?

T: she cannot not be aware of it – she's in big time money, has been bought

Deb: you know she's possessed and – there are videos out there at major events, using lighting, symbols of satanism, negative things

Carlton: the only thing about the videos that cover this stuff about Hillary; we can never know for sure whether the video has been edited

Deb: just talking about looking at award shows, games – watch the hand signals, what's painted on the stage – mostly goes over peoples' heads!

T: and then you see people like Whitney Houston dead – the sacrifice is made [according to rituals]

Car: looking for updated references to the e-mails; watching closely to see what comes up

Ro: Go to RT, under “America” in top right corner – a picture of protestors, leaked emails, etc etc

Car: we are open to the possibility that either party candidates – their candidacies will be interrupted before Nov: a strong possibility

T: this is why we must not go near the dongs, dinars, zimbabways – it is pure, unadulterated satanic ritual; if we go there, we are part of the ritual whether we know it or not

COR: a blogger friend sends out daily quick thoughts – always on about the GCR, the reset, etc – COR is trying to convince the friend that this is a setup – ignores COR – feels like we've entered the time fo brother against brother

T: her take is that the person does not comprehend how deep the rabbit hole goes – this makes her very vulnerable: she is scared out of her mind and trying to cover things up and has never found anyone except COR. Let her know COR has experienced more – as people see more deaths and deaths – this is the hardest time ever: we did not make a mistake being born this time; we chose it – there are things going on in the light community where they are trying to serve 2 masters: can't do that – means you don't want to let go of the old patterns of money – our stuff will take us out if we don't watch out – the super light is coming in so strongly

- T's teachers said do not be sorry – do something. You are not human; you are pure spirit – eating meat, organic or not, causes damage to the kidneys – we cannot live without our kidneys

COR: our bodies are becoming more refined; we will soon not be able to eat food as we do now

T: as we know, the agri business is killing people, and meat is not for these bodies at all – when this is known, and you are not willing to look at it – it's scary – like the lady with the money: she has never been in the void and we are being pushed into the void

COR: trying to have compassion for people who don't know much – a bizarre kind of thin line we are walking: we have one galactic who can speak out, and the librarian of the Alexandrian Library talking to us all the time! Very remarkable!

- She does not want to push so hard – loving people and having them wake up, and yet not getting ourselves killed – we are lighting up the whole planet! She got 2 e-mails from people asking her if she was doing politics as politics are evil and what about having Michelle on? She wrote back saying that Michelle was a wonderful example of living love, living light and how to be in these new energies!

BBS RADIO

MOTHER / ALCYONE

[M/A]

Greetings In the Light of the Most Radiant One; in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

Greetings, Children of Ra!

- Yes, this time is – you speak of the awareness that is aware of itself: it is in this moment so much is shifting for all to receive the light pouring in of trillions, trillions of suns and daughters of the Most High. We are in most magnificent auspicious time to be alive, doing this scared sava of bringing in the healing qualities of what we all have, innately, within ourselves.
 - Like never before, everything is waking up, dancing with the rhythm and sound of so many vibrations of love. This is the frequency that is shifting, even though her wayward children are playing with a message out there: come together round the banner of the annointed queen.
 - Yet - with all due respect – this is a game of thrones , we could call it – only we know how it ends up: one is in charge and it has been that way up till now, and we can say with great certainty – we are all kings and queens, and sons and daughters of the Most High; we all have a role to play in this cosmic story, in this sacred hour, and the gifts and abilities that are being activated within our own DNA have the answers to how we complete this story. We could say it is a map of where we gotta go; our own DNA knows the outline, and outlay of the map.
- Superimpose that map over what we are all here to do and it is not about finding a pokemon icon somewhere on a google map! Rather, we all are the goal we are looking for, where our mighty I AM presence is saying “Here I AM – I never left for anywhere. Where did you go?”
 - We went somewhere other than in that perfection: the mind is a very magical place, also a very treacherous place – cos' a monkey mind: the caverns in the mind are so deep

T: a question that came up on the call: there's a young lady who is a neighbour of a sister friend: she is about the dongs and dinars: T's intuition says in order to counsel someone on that – make sure that you are not attached: as it does not occur, that is OK too – to be in that place that whatever is going on, we are living for the moment.

M/A: non attachment to attachment [d

T: desire less than that; it's OK but make sure you are in the balance that this is for the highest good and put your heart into it and go deeper, always go deeper!

M/A: it is about taking the zen road and the sound of one hand clapping which is the sound of Thor's hammer hitting the ground, and that frequency permeates every thing, every one, all of creation. That sound is the vibration that raises us all up, dispels negativity on the deepest levels

- What is happening is that our own DNA, RNA, is rising to the occasion and we could say it is, in this sacred hour, the mitachlorians have taken up the slack in these temples. As the

monkey mind wants to go one way, the Force is going to move you in another way and, as you don't listen, it will move you with the force of the Universe, and you may not like where it moves you to: yet it is going to move you.

- It is about us making a conscious commitment and choice to be here in this time as 144,000 avatars x 10 hundred thousand x 10 hundred thousand: we said we would be here to meet the challenge called This Time We Are In

- She can say with great certainty, gratitude, and respect – we have all answered the call. Now the magic really begins and what that magic is, is about how we start doing this and it is already happening with the fact that there are so many coming forward and saying from the get go: This election was set up to annoint one of our wayward daughters who has not come to completion with her own, let's say “coming to jesus moment” and Hesus has nothing to do with the story!
 - It is about that spark within self that says “I AM that I AM.” She can say with great certainty that the haggard queen of the old empire which represents Soron and the Dark Lord holds no power or sway over this time, space we are in.
 - It is like Skeletor's wife showing up and it will take Heman and Sherod to set things back in order - we are Heman and She-rod. Mother says to us: don't give your power away to a frail dragon queen who has no power in this dimension, except the power of enchantment, with the word magic, as she has been in and out of the schools of law but has not been following what Lady Master Nada teaches about the rule of law – and it is that study in which she fails ultimately
 - when you play in the realm of “Title of Nobility, you have given your power away to something other than the Rule of Law and you are playing with a loaded deck; therefore, you are not valid in the eyes of the rest of the story. It is not about the so-called kangaroo courts that seem to dominate the scene, on the surface of this planet: they are all kangaroo courts, and M could be in contempt of those courts – yet do you play like our friend Tommy and play with the fiction that is called that guy in a black robe, or do you answer to Lady Master Nada who holds the real story here in the court of the people and this local galaxy?
 - The courts have been usurped; it is in the hands of the Club of Rome; that is who rules the courts, not the 9 – or 8, at the moment – except for Elena Kegan and Sota Sotamayer and even those 2 have to watch their words or they will end up in the gutter.

T: It's that ugly right now. As we are willing to look deeper and praise, respect and love the feelings that come up because the power of love surpasses all things. The idea that someone else owes us something is another thing: that is where racism, religiosity, etc

M/A: isms – this convoluted story: like what her beloved elder master & the story of god coming forth – yet the story of god is about what's in here [the heart space], not what's out there

T: we are everyone and everything – that's a concept that goes beyond physicality – someone was talking to her and saying the girl friend was so negative; the caller was trying to convince her to stop being negative; we would not be negative if we knew the reverberations – that is the power that is within us – it is challenging for a person who is mired in the negativity and blaming someone outside of self as ultimately, we are all part of that -

there is nothing in the middle.

M/A: we are living masters, we are immortal beings of the Most High; we are in our moments here: receiving the gifts of all of creation with the sound frequencies that can transform the planet. This is so big – sound, colour, vibration – as we really get how large this story is; as we walk the Bitfrost to the city of Asgard, we get how magnificent this story is and how we are all connected in the sacred realms. The Elysian Fields are not down the road; they are right here.

- We have heaven on earth and We are playing in the illusion that we are in the valley of Mordor and Death is all around us. And this is the case to a certain extent because we have taken what we physically comprehend, what we overstand, inner stand – as we use the frequencies of creation – the sacred sound: like the Moody Blues made the song – the word and the sound OM – all is made up of scalar wave frequency, light colour, sound - animal, vegetable, mineral it all part of every single particle which makes up the whole of each merkaba vehicle. Each soul is a merkaba vehicle; as we set one vehicle into another vehicle, we create a fantastic, gigantic mother ship to our own design with each geometric shape put together perfectly with 144,000 merkaba shapes. And each one fits perfectly into the other
- as we really grok how big this is, it is like the story of the Stranger in a Strange Land or the story about the soma that kicks in. We have the power, we have the power to transform this in the twinkling of an eye and it is about I LOVE YOU.
 - Stephanie Miller was talking about this today with Frangela, Charlie Pierce and saying even though we tooted the horn for the dragon lady, still, only, it is all about love and even she, with all due respect, has to come to terms with the evolution, revolution, renaissance of the particles of life here that have said “We want to continue; therefore, we co-exist on this sacred path into the realms of all that are” and how we simply do that is letting go of everything we ever thought we were not, and accepting all that we are - even if it is so fantastically hard to believe!
 - it is so time to grok that we are everything, everybody – and in this simple moment now, everything that has been so far in this sacred moment is about the particles of living love, living light that hold the key to all the universe in our own bodies and temples and set aside the maya of what is being thrown in our faces right now and take a quantum leap with her off the cliff: we will fly, there is no question: of course we will fly! Just put your hand over your eyes and walk with us: as Babji said it is that simple: ain't nothin' else to do - all we need is love as the Beatles said and, in the same breath, simply forgive all the thoughts that come up like “I am not worthy to walk off the cliff and walk with you” - of course you are: **you are goddess, god of the Most High**
- we are all together in this great barge going over the River Styx – we are already on the other side, in the Elysian Fields. Yet, a little bit of clean up has to happen, and this cleanup is what Dr Keshe, Jacques Fresco with Venus Project - talk of. There are so many stories with so many answers!
 - There are so many questions, there are so many answers; and it is simply about LOVE: what do we choose: love or fear? **I choose love** – it is that simple. That is what is being laid in front of us and Miss Hillary, with all due respect, is laying out another kind of fear,

& the Hairpiece throwing out another kind.

- Set aside the fear: there is only love – we are in a polar universe, moving to non- polar universe where the energies move up in frequency **magnitude**

T: an interesting way to put it: not going into unity but going from a polar universe to a non-polar – no more duality!

M/A: there is that selflessness that Suzuki Roshe talks of in the Tasahara Cookbook: you're in the garden; you are listening to the leaves rustle on the ground, and the wind – become the wind! Like what Ramtha has taught us to do – and even Ramtha is coming to new awareness, new conclusions, about how this story comes to fruition

T: Totally expect the unexpected: thinking either/or, polarity – a box we are no longer in

M/A: Lord Ramtha carried the same story as Rama Hanuman Sita, the story of the great trip across the sky called Mahabarata. It is simply finding “Lord I AM THAT I AM” in here: All that is. We can go round and round till next Tuesday: yet it is that simple, that awesome that it is so simple, so difficult to get: the Beatles just said it “all we need is love”

- She wishes she had a way to convey this to us: she comes as she has always come into this realm: she is everything and nothing. It is what she said she began this story with; how we complete this - all of us/we/us – there is only one hand clapping here, and it can go nowhere else as it is a reflection of ourselves. When something comes up that is so grotesque, ugly, painful – what is inside us that is coming up? It is that sliver of what we are looking at with the hairpiece: they feel they have been abandoned by all of creation and they are sitting in the gaze of the Dark Lord: and there is only that which is all consuming: it is a choice: what do you choose? She chooses LOVE.

- I choose love.
- Kadoish, kadoish, kadoish
- I LOVE YOU!!!

Music: Excerpts of Rumi Poetry by Coleman Barks

This is a selection from another audio recording which has been synthesized to the essence of Rumi's poesy and teachings, to listen to on Psychedelics trips.

Coleman Barks is bar-none the best renowned scholar, interpreter and English poetic translator of the late-great Arabian mystic master, Jalal Ad-din Muhammad Rumi. Rumi's poetry is mainly focused on opening up man to the wisdom of the heart-chakra which rests in all of us, its being the key to our greatest and most profound mystical awakening, simply by virtue of its being the direct route of transmission of spirit with the Divine nature hidden in all. The Heart is the meeting place between "God" and man; unfortunately, man is easily locked up in terrestrial, unevolved shells or husks of true spirit because of the nature of mind, which is at once necessary and also sadly over-encumbering in its fearful, security-seeking, analytical and faithless ways. The heart, when it is confronted fearlessly as a primary spiritual concern, can open man up to bliss in the natural way, a way which comes from the hidden fountain of all energy intrinsically within the soul; all intellectual, mental matters are still accounted for when the heart chakra is opened and conversed with (The "secret friend" Rumi speaks of), coming like the whisperings of a mysterious wind. It banishes fear of the self at the most centered of centers so that all one's ills, mental, physical, emotional or spiritual, may be confronted whole-heartedly, objectively, and impartially in the grace and wisdom of humble, mystical reckoning. It may sound easier than it is however, for there is a science and art to it; and Rumi is among the best of the world's poets for delineating an artistic vision of how this practice is accomplished and what its blissful ramifications are, through the use of his beautiful prose and timeless metaphors.

2016 – 07 – 27 Rev. William Barber Rattles the Windows, Shakes the DNC Walls

Rev. Barber: Be 'the moral defibrillators of our time' 2:07

In a speech that shook the walls of the the Wells Fargo Center in Philadelphia, Rev. Dr. William Barber II, the President of the North Carolina NAACP, delivered one of the most riveting addresses of the Democratic National Convention.

The 52-year-old pastor delivered a sermon to 20,000 seated and standing in an arena filled to the upper levels as well as in the exclusive suites.

Barber's speech was one of the strongest of either the Republican or Democratic convention as it covered a wide path of moral territory in a nation with changing demographics that will soon permanently alter the future face of U.S. politics.

The crowd responded to the African American preacher who has become a coalition builder and voting rights advocate in a state that passed new laws to make it more difficult to vote after the election of President Obama.

"I don't come tonight representing any organization. But I've come to talk about faith and morality," Barber began.

"I know it may sound strange, but I'm a conservative because I work to conserve a divine tradition that teaches us to do justice, love mercy, and walk humbly with our God," he added.

"We are being called, like our mothers and fathers, to be the moral defibrillators of our time. We will shock this nation and fight for justice for all. We will not give up on the heart of our democracy, not now, not ever," he continued.

Since 2006, Barber has been the President of the largest NAACP Chapter in the South. He has also been omnipresent on the issue of voting rights. His stirring address, which appeared to have been delivered off the cuff, wasn't a surprise to the many who have seen him speak in the past either from the pulpit or on television. Barber was both expansive and specific at the same time.

"When we love the Jewish child and the Palestinian child, and the Muslim and Buddhist, and Christian and those who have no faith but love this nation we are reviving the heart of this democracy," Barber said as the crowd responded loudly.

"In times like these we have to make some decisions, and I might not normally be here, I hear Hillary's voice and I know we should embrace her," he concluded as he referred to Clinton, the

first woman to be nominated by a major political party in American history.

Barber's speech turned political and moral metaphors that appeared to fit the politics of the day. He pinpointed a moment in time on issues around justice, voting rights and political inclusion, and by the time the pastor departed the stage his address was ranked one of the most memorable over a four days that included several memorable remarks.
