

# Triangle Climate & Landscape Researchers' Doggie Bag

Take-Home Info from the Brown Bag on May 10, 2012

## Main Presentation

---

**Applied Climate Research: Turning Science into Services.** Adrienne Wootten and Heather Dinon from the State Climate Office of NC presented on some of the various tools that the State Climate Office has available for use on their web site and how to use them. The Multi-Sensor Precipitation Estimates tool, Evapotranspiration Climatology tool and Climate Thresholds tool are just three of the examples they gave. More tools and more information on the State Climate Office can be found [here](#).

## Next Triangle Climate & Landscape Researchers' Brown Bag Topic

*Location: 3<sup>rd</sup> Floor Training Room, Wildlife Resources Commission Building, NC State University's Centennial Campus, 1751 Varsity Drive, free visitors' parking in rear of building*

## News

---

### **PINEMAP meeting week of May 14 (Heather):**

- [PINEMAP](#) had its first Annual Meeting to discuss how the first year has gone. Stay tuned to results from that meeting.

### **WaSSI web interface up (Pete):**

- The Water Stress and Supply Index Model from the Eastern Forest Environmental Threat Assessment Center is now online and available for comment. Note: The web interface is preliminary and may periodically be unavailable or quirky as it moves to production. Any feedback would be appreciated. See WaSSI [here](#).

### **New Ten-Year Comprehensive Conservation and Management Plan (Dean):**

- The Albemarle-Pamlico National Estuary Program just finished its new strategic plan – the *2012 Comprehensive Conservation and Management Plan*. The new plan now incorporates ecosystem-based management practices and can be read [here](#).
