

# Linking Calculators

**The calculator receiving the programs must be set up first:**

- Press [APPS] 1:Link [▶] RECEIVE [ENTER] Note: on TI-83/84 calcs, press [2nd] [LINK]
- The screen should say “Waiting...”

**The calculator sending the programs will then do the following:**

- Press [APPS] 1:Link [▼][▼]3:Prgm [ENTER] Note: on TI-83/84 calcs, press [2nd] [LINK]
- Select programs to be transmitted by arrowing down and pressing [ENTER].  
A black marker will appear in front of the programs selected for transfer.
- Next press [▶] to highlight TRANSMIT and press [ENTER].

When all transfers are complete, messages will appear on the calculator screens.

```
SELE  TRANSMIT
▪ DEFAULT PRGM
DICE2 PRGM
DICESUM PRGM
▪ DOLPHIN2 PRGM
▶ DOTMOVE PRGM
DRAWSET PRGM
▪ ESTIMATE PRGM
```

In this screen the programs DEFAULT, DOLPHIN2 and ESTIMATE have already been selected. DOTMOVE has not yet been selected. If [ENTER] were pressed, the arrow pointing to DOTMOVE would change to a box indicating that it is now selected.
