

On the main page (once you are signed in to your stampTV account) click on the little camera icon {add photos} in the middle of the screen. You will get a pop-up screen prompting you to add photos. You will select browse where you will locate the card you want to upload. Select it and hit open and then Add Photos. It's that easy.

Or -

You can select **Gallery** from the top tabs

then to the right in the middle section you will see **+ Add Photos**.

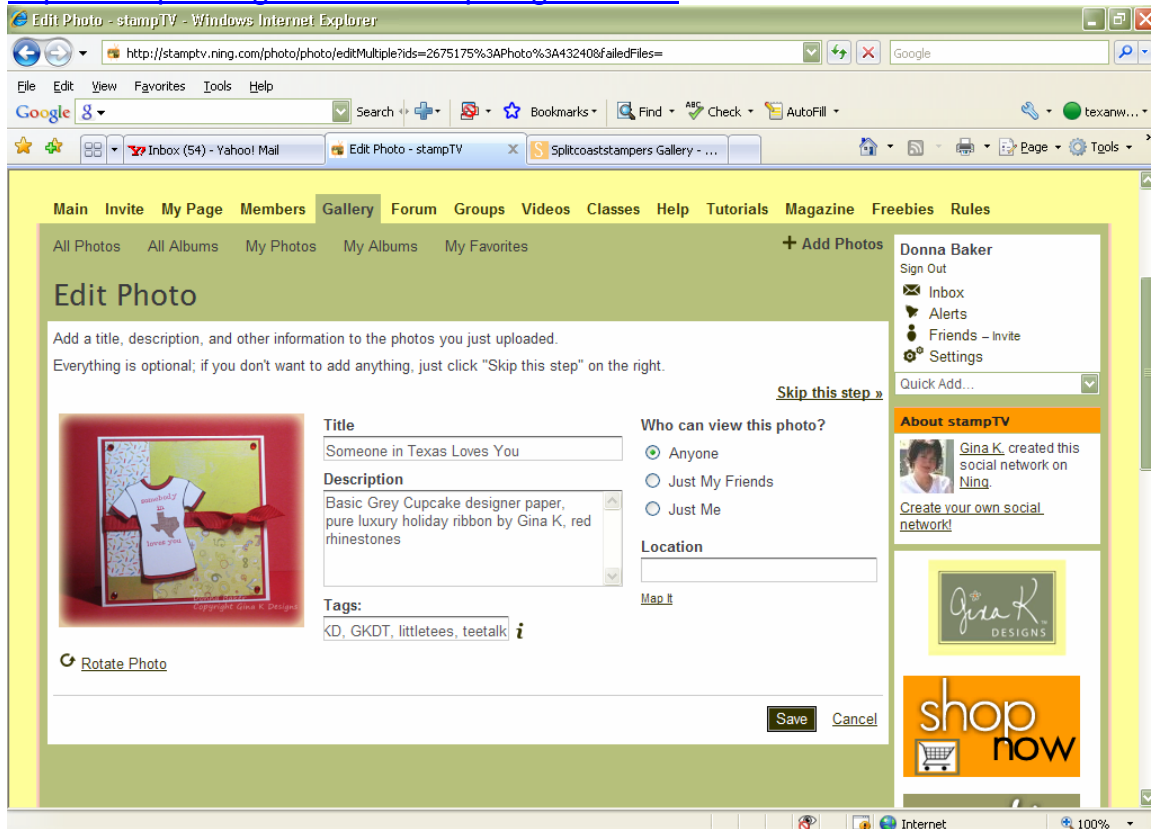

Hit **Browse** to locate where the photo is saved on your computer. **Select it**, then hit **Open** and **Add Photos**

Leave the window open while it completes the upload.

Edit Your Photo – give it a **Unique Name** – Add your **Tags** ([for tips see this post](http://stampTV.ning.com/forum/topics/galleries-1))
