- write down all of our desires that we want to see manifested **[SEE BELOW]**

**FROM KOS:** all the planes, parts, etc were dumped in the ocean a year ago

- all stuff going on is fabricated! The wing, a suitcase – all fake!
- As the energies increase exponentially during August, chaos will increase and the levels go up as the 13 families lose control exponentially

**T:** the people are safe, the plane is safe – they are having a good time with Ashtar

- the **global financial collapse** IS HAPPENING: THERE IS NOTHING HOLDING UP THE MARKETS but crazy glue and duct tape and plastic
  - Remember Mr Ashcroft and his purple alerts about being afraid of the terrorists? The 13 families are playing the fear card for all it's worth!

- All that is going on has only to do with the

**ISIL is Black Ops;** Jade Helm is the US military which has been brain washed and indoctrinated in case of the global financial collapse.

**KOS:** when rich Americans go to other countries and kill for sport: what is the difference

between that and police killing black people simply because of the undeclared war against people of colour which is ethnic cleansing; this is on the larger scale has to do with the absolute failure of the 13<sup>th</sup> families

- we are already moving up into the higher frequencies and dimensions and these guys know it, are absolutely terrified

  - Jade Helm is increasing the fear frequencies – there are from 4,000 to 8,000 men so what is there to fear? They can't do anything and there are quatro quintillion ships in the sky!
  - **Rejoice!** We are in the moment of the White Wizard who has shown up for the new year of the 13/20 cycle; as we approach 8-8 Lions Gate, there is a Black Hole and 3\* of Leo in the constellation – that Black Hole is a portal that goes into the anti matter universe, as well as the Scorpi Black Hole which is another entrance / exit

## **HARD NEWS**

**MR:** people wanting to know about the blue avians – more explanation

**T:** knows there was an article on Rumour Mills that they weren't good and weren't real and were an Artificial Intelligence program put out by the Black Ops

- **KOS: the article itself is a Black Op!**

**R:** long before Cobra, ET Cory, David Wilcock and before he met Tara, he was going up to the ships to see Ashtar & Mother

- met the blue avian people. The lion people, the reptilian people and others they are part of the galactic confederation of worlds and the intergalactic federation of worlds
- THEY ARE ABSOLUTELY REAL – come from the 7<sup>th</sup> to the 12<sup>th</sup> dimensions; some show up as spheres as they have no bodies: The sphere alliance
- they come in with ships that are larger than the planet NEPTUNE! Which is HUGE!
- They cannot show up in our atmosphere because they'd really destroy the axial excursion of a planet and upset everything.
- they come in with the energy of the Christ – they are of the energy of the Sepharoth, they sit before the throne of mother father god
  - they have only the intentions of this planet's ascension as the 33<sup>rd</sup> member of the Confederation of Worlds.

- Happy Birthday to Harriet, mother of Angelsu!

- WE ARE ON RED ALERT ON SO MANY LEVELS! This is what it takes for that which is a little bit denser in its awareness: a shake-up – and they are watching shake-ups all over the place!
- they saw on **America Tonight:** global whiteout on all the coral reefs – a brown fungal algae that grows on top of them, or they get completely white and all life within them is gone
  - the divers look at the reefs and see the fish go into shock as they get the realization that they are going to die – there is no food for them
- The global warming is behind this: it is **acidifying the oceans** and the oceans take up most of the global warming, more than the land
 

**Weather related news: NHK News** gave some temperatures:

  - a place in Algeria was 48\* C – something like 138 -140\* F
  - Spain: another place: 43\* C / 115\* F +/-
  - This is not OK: people cannot live in this temperatures

**Pakistan:** people dying due to massive flooding; lots of people cannot escape because they are cut off

- On **West side of India up into Bangladesh:** a huge cyclonic storm

- **Egyptian Courts / Al Jazeera reporters** – delayed verdict for 9<sup>th</sup> time for the 3 of them
  - Everytime they delay, what the 2 remaining reporters have to go through is horrendous: have to say goodbye to their loved ones as no one knows if they will see each other again.
  - **US just sold Egypt** 8(eight) F 16 fighter jets!
  - The galactics have said they are in charge! Dr Keshe said nothing will work – whenever

that is!

**Syria:** Turkey is stepping into a double war: they started an offensive against PKK which is a Kurdish group - 200 Kurdish people died from the bombing; 3 Turkish guards were supposed to be killed and supposedly the PKK did it - NO PROOF! - Erdowan is after the Kurds.

**Political Capital regarding Iran: KOS: Hezbollah IS NOT A TERRORIST ORGANIZATION.**

- Interview between Al Jazeera and Rasha Alwas [?]
- **KOS** said a long time ago that getting rid of Assad would come up; the person talking to Al Jazeera brings up the idea.
- Rasha thinks ISIL will become less and less relevant

An Item from **The Rachel Maddow Show:**

- Bill Keubler, a Lt Commander of the navy and a lawyer, got Omar Quatar out of Gitmo - died at 44 of an aggressive cancer, as did a number of other lawyers working for prisoners at Gitmo young and healthy people, including civilians who also work helping themselves
- the suspicion is it has to do with the location they were assigned to when they went to visit Gitmo: the "office" was a tent erected over an area that used to have gasoline poured on the ground in the past.
- Lots of signs that there is something seriously wrong here - it's not about the prisoners, just from the one particular spot
- One of the people she refers to said he does not trust the military to be transparent in carrying out the investigation.

**Thom Hartmann Show:**

- an article from a week ago: about the intellectual levels of the candidates accepted into police forces
- there is a very low IQ level that policemen are allowed to have: anyone getting the highest scores and pass the whole test, only get a 50; if you get more than 21 or 22, will not get selected for training in the police academy
- police are carrying around with them depleted uranium tailings around with them - it's in the bullets AND IN THE METAL OF THE GUNS - add this ongoing radiation poisoning along with the less than average intelligence and what have you got???? Put it all in the Circle of Support.

## INFORMATION RELATED TO THE NOTES

2015-07-30 **The Harvest Blue Moon of July 31, 2015**

Greetings everyone!

This is going to be a rather short post, as so much has already been said about the Blue Moon.

Many of you are already aware that this Friday we're being blessed with a Blue Moon! What I have just found out from my guides is that it is also a moon of infinite opportunities and potential. We have been working diligently towards improving our lives, making changes and looking deep within, and now it is our time to reap the rewards of our efforts. This blue moon as I am told is a moon of ABUNDANCE, HARVEST, RELEASE AND JUST REWARDS.

This is the time to not only ask for what you want, but to actually RECEIVE everything that you have been working towards.

So take this opportunity to ask for what you want, and then see it quickly manifest into your reality. To help you do so, I have been presented with a very simple and straightforward grid which you can use during this Blue Moon.

The How: What I am being told you are ought to do is write down all of your desires, everything that you wish to see manifest into your reality in the weeks to come and place this piece of paper into the **center of this grid you see here which is this picture with wheat ears, the moon, citrine and cinnamon.**

For extra amplification you can take either of these gemstones: Amethyst, Citrine, Ruby, Emerald, or Granite and place it where you see the citrine in this picture. You can also add wheat ear if you have it and place it where you see it in the picture, the same goes for cinnamon. However, if you do not have any of these on hand it's okay because the energy coming from this grid is enough.

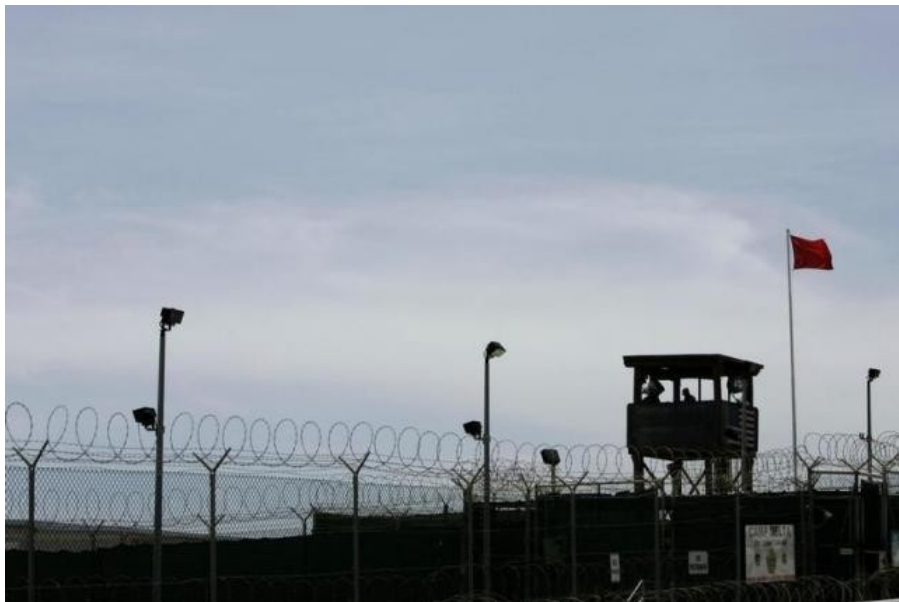

This is also a good time to release the last bits of blockages that have been holding you back, simply ask for these blocks to be dissolved as you meditate during the full moon (at whatever time that is most resonates with you) and then follow your intuitive promptings on how to restructure your life in order to fill it with even more divine light.

Wishing you a phenomenal experience during this Blue Moon! May it shine all sorts of blessings upon you !

2015-07-28 **U. S. Navy investigates report of cancer cluster at Guantanamo**  
NEW YORK | By David Rohde

A guard tower of Camp Delta is seen at the Guantanamo Bay Naval Station in Guantanamo Bay, Cuba September 4, 2007. Reuters/Joe Skipper/Files

The U.S. Navy is investigating a complaint that seeks the evacuation of civilian and military lawyers from parts of the U.S. base in Guantanamo Bay, Cuba, following reports of cancer cases among personnel working on the trials of detainees there.

At least seven civilians and military members who worked on detainee trials at Guantanamo Bay have been diagnosed with cancer, according to the complaint, which was filed with the U.S. Defense Department's Office of the Inspector General. The complaint calls on American military officials to remove personnel from court facilities on the base and test them and the base itself for carcinogens.

The complaint claims that an unusually large number of relatively healthy and young people who worked at the base have been diagnosed with cancer. Over the past decade, roughly 200 prosecutors, defense lawyers and other court personnel have worked on the base.

The complaint says that the patients may have been exposed to carcinogens when they lived and worked in a location at Guantanamo that was formerly used to dispose of jet fuel, adjacent to an abandoned runway. The patients may also have been exposed to toxins such as asbestos in an older building that initially hosted military trials, according to the complaint.

"The Department of Defense is aware of concerns about possible carcinogens around the DOD military commission site located at Naval Station Guantanamo Bay," said Kelly Wirfel, spokesperson for Naval Station Guantanamo Bay. "Working together with the Navy Marine Corps Public Health Center and other environmental and health officials, Navy Region Southeast is looking into this to identify whatever steps may be necessary to address these concerns."

A spokesperson for the Defense Department Inspector General's office said the office could not confirm or deny any investigations or complaints.

"We have been telling our chain-of-command for years that we don't feel safe living and working in the temporary facilities the government has erected for military commissions," said U.S. Air

Force Capt. Michael Schwartz, a military defense lawyer who has worked on Guantanamo Bay for years. "But, along with the Constitution, the government seems to want to sweep this under the rug."

The complaint doesn't allege an increase in cancer levels among detainees, who are imprisoned on a separate part of the 45-square-mile base. There are currently about 115 detainees at the base, which President Barack Obama has been trying for years to shut.

If evidence of health risks does emerge at Guantanamo, it would add to a litany of problems that has slowed the trials. But the existence of a cancer cluster, which is what the complaint is essentially alleging, can be extremely hard to establish.

Two doctors consulted by Reuters said it would be difficult to determine whether the cancer rate at the base was abnormal without much more detailed information. They said seven cases would be unusual among a group of 200 younger people, particularly if all of them developed the same type of cancer. But seven people in a group of 200 developing different forms of cancer could be normal, particularly if the group's members were older.

The author of the complaint worked on military trials at Guantanamo Bay for several years and is still employed by the U.S. military, according to another U.S. military official.

On Monday, Canadian media reported that U.S. Navy Lieutenant Commander Bill Kuebler, a longtime defense lawyer for Canadian detainee Omar Khadr, died of cancer on July 17th. Kuebler was 44.

Civilian lawyers who have worked at the base said they supported the call for an investigation.

"There appears to be a cancer cluster surrounding the military commissions at Guantanamo," said J. Wells Dixon, a lawyer with the Center for Constitutional Rights, who has represented dozens of Guantanamo detainees. "And the Centers for Disease Control should be brought in to investigate the matter thoroughly."
