HARD NEWS

- Bernie Sanders announced he is running for President – best news of all
- this is 40th anniversary of the fall of Saigon, also reflections on SDS and the major anti war speech that MLK gave and was warned not to! The movement we are in right now .
- R sat with Bernie Sanders and his wife and cooked dinner for them – 1989/90; has a farm in Warren, VT – he's a farmer at heart.

R talked to #15 and RanaMu: said BS represents some of the masters from Venus: let's have an open discussion about this before we make any move; he's against TTP / SHAFTA

- Mr Abe is a war criminal addressing the Congress who are also war criminals: he did not ask for forgiveness for what happened to the comfort women who were tortured, raped, etc
- A congressional member from California had a comfort woman with him; she heard the translation of what Abe said but there was no asking for forgiveness.

- Dodi and Di are in the Wesak Valley - will be there for a month. The energy of WESAK which is Buddha's birthday and this could cut through the dross.
- Tomorrow after the conference call; Cheryl will be playing a channeling she did from Quan Yin

R: has met Tom Hayden several times; had a farm in Michigan, Terry Rubin and Abby Hoffman came – they always went up and harvest the apples, peaches, plums, cherries, pears

MR: has found something that will be helpful; has set up a way for us

- pure, premium food: company is called PURIUM; organic, non-GMO; no soy, no caffeine; no dairy, gluten free, tastes good!
- 36 raw live natural food ingredients: 12 grain foods, 12 veggies; 9 sprouts, 3 mushrooms
- Everyone who has sampled it loves the taste of it – a powder that mixes easily

website: www.mypurium.com/stargate – when you get there, go to upper RH corner;

- use "stargate" as the code and get \$50 discount
- this company gets the food directly from producers; has total control over the entire process of the manufacturing, preparation

Guest: Frank Chile

lots of territory to cover tonight:

George Filer has been featured on History Channel: Hangar 1, every Friday night from 10 – 11 pm.

- he was interviewed with other military personnel – Craig Campobosso came out to visit George and others during the filming
- Season 1 is archived on the History Channel, so can see them; Season 2 has had 3 episodes so far, and they can be viewed too

Gem Spheres: Asking audience if they noticed anything unusual regarding chemtrails.

- He's in touch with Donna Anderson aka Chantarah Rose who has asked him if he has noticed anything about chemtrails
- Judy received a request from a lady in California for a gem sphere; she called Judy back 2 weeks later to say something unusual happened: she saw a chemtrail being neutralized as it was coming out of the plane!

- in the area of Jersey, there are several people with Gem Spheres - no chemtrails!
 - Judy told him that many people with gem spheres have noticed the same thing
- MR:** they saw their skies being laced with chemtrails, then they went in to do their program, and paid no more attention – don't know if it was being neutralized.

FC: asking MR and others to focus on this

Effect of Gem sphere on plants:

- A lady he knows named her gem sphere MARU; put it in the window with the violets who went nuts! Her orchid, dormant for 17 years, is being awakened and creating babies which can be re-potted and grown!

MR: when we focus on our gem sphere and focus on the physical,

FC: thinks the gem spheres are linking up – some in Japan. New Zealand, Africa, Middle East, York in England; lots in North America –

- Judy said she was told that the gem spheres would protect the earth if anything like an asteroid would enter the earth
- A woman he has known for 35 years along the Delaware River: she was told to get a sphere -
- she ordered the sphere and when the postman brought her the package, she unwrapped it and took a photo of it; was told to put it in a certain window in her house and saw it send out golden threads to various objects in her house!
- The gem sphere helps individuals

Col Ware: a lot of folks concerned over events in world affairs, gov't, technology that is getting out of hand: Frank is talking to Linda Moulton Howe who is working in a lab in NM area;

- she works with a team of 3 scientists who ignored the advice from “upstairs” and set out to test a weapon or activate it anyway; they wanted to do it and went ahead
- a small craft, 100' came down and the people came out of the ship and laid themselves down in a circle to show they were willing to lay down their lives to prevent this happening, so the scientists dis-assembled it
- We need to know our friends are preventing this things from going on
- An event in Russian when an armada of ships showed themselves at night time, moving in a group like an M shape or an inverted W in the sky - all shining white lights and moving around: beautiful to see: more and more sightings going on - footage of this has been posted.

G Filer told Frank that his sources say there may be a release announcement coming from 2 people getting together [Pope & Pres] to make a global announcement about the visitors being here; another scenario is a huge sighting all over the world, with no fear – it is very, very imminent

- time for our cosmic family to extend an open hand to us: especially Fukushima which is so out of hand, and no one knows how to stop it or control it or fix it.

MR: we've been told it's possible to clean that up and give us a pristine planet in 30 days – really imperative for this kind of help now:

- she refers to the ad by the American gas and oil industry [can see it on MSNBC] which brags that the US is # 1 in gas and oil production [**sponsored by the American Petroleum Institute**] – the destruction is so obvious if you pay attention!
- We're ready to have someone assist us as if anyone is talking to that group, they are not making any headway

FC: the mentality of those who pay no attention to the consequences of fracking

- a theoretical physicist he has known since 1990 – has a clandestine report done by geologists of the Oil industry; they went back to the oil wells from the 40s, 50s, 60s 70s and found they are now FULL AGAIN as when they were first discovered;

- they are trying to keep it quiet; they are shocked – all those voids that were empty are now full – if this info got out, the cost of gas would drop dramatically. • there is no shortage of oil, just lots of games

- **the world of physics** has been turned upside down: what we thought we knew, we don't
 - the primary source of information is from the **mathematical formulas from the crop circles of 2014 and the ones being seen this year 2015**; finding new insights into the principles of science that can do more than we ever thought with “regular” science
 - one says we have to re-learn everything: the new cosmic information is being shared at a level where scientists can take the formulas and test them out, finding they are opening new doors
- Now have access to 13 dimensions – hopes we can do this with a sound mind and clear thinking – does not think we'd be allowed to do anything foolish

MR: saw on PBS the story of Isacc Newton – everything they thought they knew at the time, he was telling people it was not right. What Frank has just said the same thing about what we knew from Newton's time to now – no longer true!

FC: the scientific world has been turned on its head! What they are learning is about possibilities they never dreamed existed - they have to re-learn everything

Cindy Crawford – the one who experienced being a star seed and working with people from different realms, creating statuettes that were imbued with the energies of the visitors and spoke to the buyers. The knowledge is about being part of a larger cosmic plan and cosmic family – we are living in astounding times, and **we chose to be here for the new knowledge and awareness.**

MR: every week, we share the info we have heard with others & how it may connect with something in everyone's lives in ways we may not have been aware of

FC: no reason to despair even with what we see: we are watching the last dance of the tyrants - it is already done; we are just seeing the last remnants.

MR: the people on this call are ready and willing to accept that change!

T: Donna Anderson / Chantarah Rose

FC: she drives all over the place – goes from all parts of Florida to Carolinas to Texas to Ca – needs a star ship!! Will remind her that MR is in Indiana

Caller: Has anyone heard about our chakras being cleansed? Starting in February, each of our chakras being cleared/cleansed. 1st was the root chakra. She went to Connecticut this year & was received with so much love and acceptance like never before: she found out that on March 21 that the 2nd chakra, the relationship chakra, had been cleared. By September, all of our chakras will have been cleared. This is such a help!

FC: We are all going through our own metamorphosis - becoming more and aware of our talents and abilities – we are all god beings!

CL: What do FC and MR use their gem spheres for specifically / primary benefit from it?

FC: it has been rejuvenating him: going through an internal rejuvenation; communicates in meditation; the level of out of body experiences he has are amazing

- one night it showed him geometric patterns – made the room dark and then danced around to make all the different colours and symbols – most extra ordinary symbols and colours he has ever seen - entertainment and learning at the same time.
- Thinks it's a time portal to move forward and backward – just shifting focus and you're there and you can see things and bring back awareness from the ship
- If you hold it and talk to it, it responds

- One woman said heard sounds & it gives so much beautiful music, makes her weep!
- another when they shut the lights out, the sphere shines beams all over the room
- another said she put it in a safe place at night, and finds it in a different location in the morning - it moves around

FC asks for any blockages in his mental, physical, etheric body to be removed; hears little explosions – an incredible tool

- If you work with it, it works with you; if you ignore it, it does nothing
- Ask it to show you things: ask it to take you places – can feel it smiling - none of this sounds strange to Judy, she tells him it's all part of the plan.

MR: the more you work with it, the more it works with you. If you want to have experiences and play with it, the more it works with you. It is something that is available if we choose to use it.

- It's not a requirement or a planned program or is it supposed to do something – it's a challenge just to allow as opposed to having a definite program. Every person has a different opportunity – does not have to be a planned thing by
- it's different for every person – it's a challenge just to allow as opposed to a definite program – so individual

FC: Works with the level you are at or want to work with

- Chantarah said it's giving her tones! She always wanted to work with tones – she can still see the golden threads that join things in the house; they are so fine, they are unobtrusive – her husband and son do not see them
- FC calls his "friend" - beautiful, non-judgment; ask it questions and don't be surprised when it answers!

MR: hers wanted to be called I AM PRESENT

FC: Yes, it does raise the vibrations in the home It does not have to be right with you: yet one lady takes it with her everywhere and it has helped her avoid 2 accidents. Once with what could have been a head-on collision, another from the side. She had nerve damage in one of her leg and thinks the sphere helped with that

- others immerse it in water and then put the water in the fridge and drink it, now energized

MR: it wants to be cleansed in very cold water – almost ice water!

FC: It's like having a teacher around you all the time; the more you ask, the more you get

- he mentioned portals being shown to him, and the little displays it does for him, and his experiences beyond sleep: travelling out of body; he meets people he knows now but does not talk about it with them – the groundwork is being laid
- He is almost running towards the sunrise every day: what is there to be known today? We are so blessed to be here and be part of this unfoldment

T: when Rama got his, he was not well – he took his gem sphere to bed; when he got up next day, he was much better- it was all gone.

- Each gem sphere has its own basket, and it goes wherever they go – they have such a light energy. Such a lovely relationship

FC: asks it what it wants to show him today – and it mists up in response

MR: sees iridescent glowing – different colours, all the colours of the spectrum - not just light

FC: his likes to be on a sunny window when the sun comes up; never says what it doesn't like, but you get little clues as to what it does like in the form of a mental expression - his dream experiences and the geometric patterns are just awesome

R: he took his sphere and wrapped copper wire around the stem and hooked it up to their molecular enhancer, and sat on it for about 15 minutes; the enhancer heated up and the water in the gem sphere was boiling! He unhooked the copper wire and held it – very hot! Then it calmed down and he saw a bluish white mist – not a good idea to heat up hydrogen like this!

FC: one guy has a pyramid in his bedroom and took the gem sphere to where the kings chamber would be and created a holder for it – then he took photos as there was a tremendous light emanating from it

MR: getting rid of the limitation “no expectation but abundant anticipation” - no judgement with it

FC: e-mail or call Judy Beebe – getting new information, getting ready to put out another video

- beginning to feel the presence of Valiant Thor over her and AA Michael overlighting her too – she is well protected!

T: when she holds the sphere, the tips of her fingers tingle – a regular thing; it has its own animation, self-determination. This is very clear. There is a grace and a respect

FC: someone he knows got one from Judy and has a hot tub – lives in PA somewhere

- he had had a contentious relationship with his father who died: had the idea to take the sphere into the hot tub; he was in the lotus position in the hot tub and his father materialized in the hot tub with him; they resolved things in a 2 hour session,
- this man does not make up stories! It has always bother him that they had never made peace over things that had bothered them when the father was alive.

MR: there is no right or wrong; it is what each person is guided to do, what your soul experience is; it is yours!

- Judy asked her questions when MR ordered it, and MR's response was that whichever one you choose, it will be the right one for MR.

FC: getting stories from others who only tell him – anyone else would put them in an asylum

- Sarah's husband recognizes she's very in tune; but telling her husband would lead him to think they were being invaded!
- Animals like the gem sphere: they feel the beneficial emanations from the sphere.

MR: no animals at the moment

FC: Sarah after she got the sphere, a black cat comes to visit: sits on the porch – she named it Merlin and when it comes in , it goes around to where the sphere is – will stay outside all night long even in poor weather – even when he's invited in.

T: this is a story hour!

FC: nothing will sound too strange

MR: Rainbird has a Native American story teller who wants to come on the show and that will mean more stories!

FC: time to have another visit with Cynthia Crawford –

MR: had Craig on not too long ago; not time to have Judy back yet; they'll know when it is time.

- yes, she has told Michael King about the spheres – he's got lots going on in his world

FC: knows others on the call with spheres

Caller: the gem spheres are at the head of our bed: we credit them with a lot of calming down of both of us; never thought of the chemtrails – we have them but they seem to disappear very quickly and we had never thought of that connection.

- Named the sphere when I got it, just recently it asked to change its name NESARA – I think I have something to do in that area.

FC: the scalar fields generated by the sphere is the same energy as George Van Tassel wanted to create in INTEGRATRON – really profound: creating the same energy , but in a smaller volume

CL: it's like a household item,

FC: the INTEGRATON is to rejuvenate the cells from the inside out. The energy levels go up, the intuitiveness is increased and you trust the intuitiveness more; less need for sleep

MR: What incredible times we live in, given what we've talked about tonight and the experiences we are allowed to have – not just focussing on what we don't like

FC: Judy says to be aware of what is going around you, but don't let what is going on around you

take your focus off this energy – our energies need to be linked up to that laser beam of light and awareness and wisdom and truth that we are all part of.

MR: thanks Frank! If you have something to share, just call and ask for an opening.

FC: No fear, just great anticipation that things will be worked out and they will be!
Be brilliant!

HARD NEWS:

T: will have some fun; will be hearing more Jon Stewart who is putting Bernie & Hillary together!

- We know lots about Hillary – send her more love, sez Rama! It's larger than what he wants to get into!

MR: just received an e-mail asking who he talked to?

R: talked to Rana Mu and #15:

- Bernie Sanders represents the wisdom of Masters from Venus; they came to earth just before Pangea broke up, and we still had light bodies that were clear as glass, and we could walk through rocks and mountains!
- Bernie putting his hat into the ring opens up a whole new conversation
 - he is great friends with Sen. Mike Gravel – Mike wants to get full disclosure!!
 - And Barack is scheduled to talk about full disclosure – no joke!

#15, RM: with Beltane, WESAK, the full moon in Scorpio; also had solar flares today – wild! These energies can bring about great change!

- All kinds of questions about the Clinton money: it's so blood soaked, you don't want to go there!
 - the Clinton Foundation was the subject of Abby Martin's show mid to end of Feb.
- Let's take what Frank says to heart: **we know that all this is all working out!**
 - The answer [from KOS] to why Barack keeps pushing the TTP: he has mountains of evidence against the Bush/Clinton crime family & he's letting them chug along
 - he chose to give his info on the Chris Matthews show; C M is controlled by M I 5 & MI 6, so things are being pushed from England, as well.
- Bernie: saying a small number of people can buy whoever they want to put in office, including Hillary if they want
- Rand Paul has been begging \$ from the Koch Bros but they are going to fund Scott Walker!
- The whole scene tonight [in Baltimore] is tragic: what Tom Hayden said tonight: have to deal with the collusion between the investigators and the police; everything being kept secret
 - now they are trying to make up the story that Freddie Gray tried to kill himself by throwing himself against the wall of the van; his neck was severed before he got in the van. She has seen videos on RT where people in the street are shouting at the police to call an ambulance; can't you see his leg is broken? He can't hold his head up – call an ambulance!
 - there is definitely other evidence that is being covered up.
 - it is hard to watch Chris Hayes, Rachel, Laurence O'Donnell swallow this stuff and repeat it; O'Donnell had a doctor on to talk the kind of force it takes to break spinal cords
 - This one could not hold his head up!
- what we are being asked is to get a good grip on sanity: **their biggest fear is disclosure**
- **KOS said:** the biggest story never told is the next step: full disclosure!

Closing: Mother

Greetings in the light of the Most Radiant one, and in the Office of the Christ and only in the Office of the Christ , we invoke the loving enegies of St Germain and the Violet Flame.

T: the energy of WESAK is ready for us if we are ready for it.

Greetings!

- It would be most auspicious if we were to join her crew for a little ride! Let's just say – ask and we will do the magic we know how to do. It is this story of what the Man just said: our consciousness is how we get there. We want to visit Dodi and Di in the WESAK Valley – place your consciousness there. Already it is: wherever you are, there you are.
- These are the moments when we really get who and what we are, in this moment right now!
 - She is most humbled to be in our presence, Sons and Daughters of the Most High. It is a time where goddesses, gods, take the mantle of who we are and let's fix this now as it has been said.
- This wild character we call Uncle Bernie - Uncle Bernie knows the plan; he knows the story of how they get introduced to all and how they can move this story forward as we seemingly are sitting in the dark ages rubbing 2 sticks together when we have the ability to power our home with our consciousness.
- This is where we're at – time for us to take our place in the story here; As she has said – no slackers on her ship! We are all sons and daughters of the most high; how we do this order of business is happening in the moment as we hear what this country doctor has to say.
- He is more than just a country doctor! When you have to rub shoulders with the CEOs of death merchants like Ratheon, Boehing, Northrup Grumman who make killer satellites, you mind your Ps and Qs and give to Caesar that which is Caesar's, and give to Creator Source what is for Creator Source
- All these corporations who serve the legacy of Vader: have already ended. Listen to Max Keiser and Russell Brandt – they have the trews! [true news]
- Kadoish, Kadoish, Kadoish
