

**Department of Biology and Marine Biology  
Lecturer – Cell Biology and Microbiology**

Position #6305

The Department of Biology and Marine Biology at the University of North Carolina Wilmington invites applications for a full-time lecturer to teach Cell Biology (BIO 201) and Microbiology (BIO 246) as part of an online accelerated program (OAP). Preference will be given to candidates with experience delivering and managing course material online. This is a nine-month, renewable, non-tenure track position beginning in August, 2018. Applicants must hold a Ph.D. degree at the time of appointment. The candidate may also develop additional courses and participate in applied learning activities as determined by candidate strengths and department needs. In addition to teaching, the individual will take an active role in departmental service.

The Department of Biology and Marine Biology has an excellent record of faculty development and mentorship, and is committed to assisting new faculty to succeed. The department is especially interested in qualified candidates who through their teaching and or service can contribute to the diversity and excellence of the academic community. For more information on the department, please visit <http://www.uncw.edu/bio/>. To apply for this position, please go to <https://jobs.uncw.edu/postings/9565>. Questions regarding the application process can be directed to Ms. Lisa Noah ([noahl@uncw.edu](mailto:noahl@uncw.edu)), while questions regarding the position can be directed to the Search Committee Chair, Dr. Art Frampton ([framptona@uncw.edu](mailto:framptona@uncw.edu)). The priority consideration date is December 1st, but applications will be accepted until the position is filled.

**UNCW actively fosters a diverse and inclusive working and learning environment and is an equal opportunity employer. Qualified men and women from all racial, ethnic, or other minority groups are strongly encouraged to apply.**
