### HARD NEWS:

**T:** Trump chickened out of debate with Bernie Sanders: he doesn't know all the issues and Bernie does!

**R:** Met with **Natasha** today

- shared on her pad what is happening with the sun & with Nibiru coming in
- there are 49 volcanoes going off on the planet – rumours about Mount Kilauea in Hawaii going off too: its current state of just rumbling now and then could escalate – this is due to the influence of Nibiru passing through this section of the solar system, conjunct the sun – raising the hair on everyone on the planet!

**T:** The UN has just admitted: the human race is damaging the environment faster than the environment can recover

**R:** Two comets passed by earth in last week: some saying they are the red star and blue star kachinas which, in the Hopi Prophecies, indicates that the Age of the 6<sup>th</sup> Sun has begun, we are out of the 5<sup>th</sup> & the Great Cleansing and Purification [has begun]

- Natasha said: Putin has it under control: he is being instructed by the Andromedans about the Arc of Gabriel and other sidereal weapons that may be deployed.
- **From Dr Keshe:** in any theatre of war within a 1000 miles, he will deploy his technologies which will cause the weapons, guns, etc to completely break down – and people will have to talk!!!
- Putin is saying it to everyone: not one step forward by NATO. He is no angel and no one gets to play with KGB agents or other like them.
  - An interesting movie: *Eastern Promises* – Vigo Mortenson plays a Russian gangster and what he has to do to satisfy his bosses, the KGB & others – not a pretty picture!
- this is why the Andromedans are involved: THERE WILL BE NO NUKES.
- Natasha brought up a clip from *Star Trek: Next Generation* – the Enterprise found a ship that looked like it had been beaten up by the Klingons; found people who were in cryogenic chambers. One who was revived was a banker who wanted to get hold his bankers and lawyers and Capt Picard said that they were dead; the banker wanted to know what he would now do with his life, and Picard answered “Learn how to better yourself from without and within.” And of course the banker had no idea of what Picard was talking about: where's my money? Picard: we learn how to work with each other in love and peace and balance – and the banker has to take it in
- Natasha said this is the next timeline that is already kicked in – no matter how these guys cry and whine, they cannot stop the next evolutionary leap in our consciousness and in human bodies – can only play with ancient war technologies from the wars of the time of Lucifer and Lilith when the Nibiru passed by the first time
- in *Ancient Aliens*, one program was about Mohenjo-Daro; Still need radiation suits to get close to the locations – also in Cambodia and India

### Mohenjo-Daro and Harappa Ancient Atomic Wars?? Ancient Alien

[https://www.youtube.com/watch?v=\\_y5VhCowxN0](https://www.youtube.com/watch?v=_y5VhCowxN0)

### **Published on 23 Mar 2012**

Mohenjo-Daro and Harrappa Ancient Atomic Wars. When excavations of Harappa and Mohenjo-Daro reached the street level, they discovered skeletons scattered about the cities, many holding hands and sprawling in the streets as if some instant, horrible doom had taken place. People were just lying, unburied, in the streets of the city.

And these skeletons are thousands of years old, even by traditional archaeological standards. What could cause such a thing? Why did the bodies not decay or get eaten by wild animals? Furthermore, there is no apparent cause of a physically violent death. These skeletons are among the most radioactive ever found, on par with those at Hiroshima and Nagasaki.

At one site, Soviet scholars found a skeleton which had a radioactive level 50 times greater than normal. Other cities have been found in northern India that show indications of explosions of great magnitude. One such city, found between the Ganges and the mountains of Rajmahal, seems to have been subjected to intense heat.

Huge masses of walls and foundations of the ancient city are fused together, literally vitrified! And since there is no indication of a volcanic eruption at Mohenjo-Daro or at the other cities, the intense heat to melt clay vessels can only be explained by an atomic blast or some other unknown weapon. The cities were wiped out entirely.

While the skeletons have been carbon-dated to 2500 BC, we must keep in mind that carbon-dating involves measuring the amount of radiation left. When atomic explosions are involved, that makes them seem much younger

**R:** used sidereal weapons like Indra's dart and the Death Star – talking about the same kind of stuff with the 8 Arcs; the dark ones want to deploy these kinds of weapons, and Dr Keshe has said their ships will be rubber duckies in the Persian Gulf!

- Mr Hair had a rally in San Diego and the Darth Vader storm troopers were out in force – an observer on the ground said every Trump Rally has police on the ground – the MO of Hitler!

**T:** the dark ones have no idea what they are setting themselves up for!

**R:** why he brought up the Star Wars episode – have to learn to talk to each other

**T:** the economy in the US is 100% war technology based

**R:** the technology from DARPA does not stand a chance against the technology on The New Jerusalem and the other mother ships – not a fair discussion!

**T:** there are multiples of ethnicities – no matter the colour, creed, language – we are all One Species; in the physical, we all inhabit this kind of form; at a higher level, we resonate to the same rays of wisdom

### **Audio: Conversations with Great Minds – May 27**

#### [Great Minds p1: Nina Turner - Why She Feels Like A Rogue Democrat](#)

For tonight's Conversations with Great Minds - I'm joined by one of the progressive movement's highest profile rising stars. Nina Turner is a former Cleveland City Councilperson, an Ohio State Senator representing that state's 25th district, and served as the minority whip in the Ohio senate. Right now, she travels the country as a spokesperson for the Bernie Sanders campaign for president. Even if he doesn't

win the nomination - Bernie Sanders has still revolutionized American politics and inspired millions of young people to join the progressive movement. So why are so many people high-up in the Democratic Party so against what he wants to do?

**NO CONFERENCE CALL NOTES: HAVE RE-DONE THE NOTES DUE TO "TECHNICAL DIFFICULTIES" and did not re-do the conference call - Please go to the audio / telephone archives.**

## **B B S RADIO**

### **Mother Sekhmet / Alcyone [M/A]**

Greetings, in the Light of the Most Radiant One, and in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

**T:** we ask at this time for great wisdom. The Willie Nelson concert tonight in honour of those who have worked inside the war games matrix and have survived. Barack is a double agent, and right now not looking so good – let's get to the other part of his role!

### **Greetings, Children of Ra!**

- Indeed it is a Unicorn of a different colour. It is this cosmic story we have been involved in since the beginning of this story – it has come full circle. They are here to make sure her children have their just due and it is about the ancient stories that have come full circle.
  - The gatherings have commenced: it is about this frequency that is alive and well, moving every particle into divine balance, love and peace.
  - The issues at hand are about this very ancient story that, at the moment, has to be gutted. It is in this place [that] all the ancient ways in which [things] have been going, is shifting and she can say with great certainty: we are watching a very incomplete story that is being completed in the moment.
- She/Alcyone are the missing piece that completes it. To say it differently, yes, the Jedi temples are being created; the wisdom of the Jedi masters is being shared with the people. It is about taking the time to learn how these temples of the living god work; she can say with certainty about the utmost magical moment: this time is NOW. No one gonna do it for us: we do it.
- It is about a next evolutionary leap in Consciousness. The old ways are the old ways; they must go by the wayside. They have served their useful purposes; what she can say about the issues at hand is that there is this momentum of frequency and balance that we will take it to the next level that goes beyond words. It is about the anima/animas; primordial energy. When we have ***Koyaanisqatsi: Life Out of Balance***, something comes in.

***Koyaanisqatsi*** (English pronunciation: [/kouːjɑːnɪsˈkɑːtsiː/\[3\]](#)), also known as ***Koyaanisqatsi: Life Out of Balance***, is a 1982 American [experimental film](#) directed by [Godfrey Reggio](#) with music composed by [Philip Glass](#) and cinematography by [Ron Fricke](#).

The film consists primarily of [slow motion](#) and [time-lapse](#) footage of cities and many natural landscapes across the [United States](#). The visual [tone poem](#) contains neither [dialogue](#) nor a vocalized narration: its tone is set by the juxtaposition of images and music. Reggio explained the lack of dialogue by stating "it's not for lack of love of the language that these films have no words. It's because, from my point of view, our language is in a state of vast

humiliation. It no longer describes the world in which we live." [3] In the [Hopi language](#), the word *Koyaanisqatsi* means "unbalanced life". [4] The film is the first in the [Qatsi trilogy](#) of films: it is followed by *Powaqqatsi* (1988) and *Nagoyqatsi* (2002). The trilogy depicts different aspects of the relationship between humans, nature, and technology. *Koyaanisqatsi* is the best known of the [trilogy](#) and is considered a [cult film](#). However, because of [copyright](#) issues, the film was [out of print](#) for most of the 1990s. [5] from Wikipedia

- That something that comes in to shift it is the serendipity, the naqual - we cannot lay out a plan; it comes as the wind comes in, and we must be prepared as warriors to follow the wind as it crosses our path. We ride on the jaquar or the tiger's back, knowing not where we are going – that is the journey.
  - As we are game, they are game, as that journey is going into the depths of what is in here: the war is not out there, but in here – that is the real issue: inner space. First you heal the war in here: it is about going to these places of healing and balance that are being made manifest.
- Whether we know it or not, the sacred healing temples, all the ashrams, the places of balance and wisdom – the ascended brotherhoods, sisterhoods are opening the doors of many of these places. For instance, we can call them the Jedi Temples of Wisdom and already they are in our midst; how we do this in love and balance and joy – not going to come from legislators or life forms who still have one foot in with the gangster banksters and the others who are serving two masters.
  - We have to take that quantum leap and walk on water, walk on air: she means walk with the Jaquar Medicine Woman, and the path is a pathless path through the jungle of our own inner creation. That path can either take us out or heal us – it is our choice.
  - We are in these moments when the line has been drawn in the sand, and she will deal with her children that have usurped our planet. The deal is [that] we [have to] deal with ourselves: it is not that she is abandoning us or leaving – she is here for the duration which is why she keeps saying “put another plate on the table” - they are already here for dinner.
  - It is not about anything else except this issue coming into play here: we wanna call it Game of Thrones? They want to sit on that throne: the only throne we get to sit in - we are all kings and queens, sons/suns and daughters of the most high – as we can see a different way of how things are done, it can shift, and it is already shifting consciousness, physicality
- This is what Dr Greer is bringing to the forefront – we can interact with the inner dimensional folks – yet we have answers too: it is not all up to those we call gods and goddesss in the sky. It is about a wisdom they have that we only now are only waking up to [and are] perceiving being downloaded at quantum light speed, already downloaded into our temples of the living goddess.
  - In these moments, how we walk, talk, speak, be with each other – it is of the utmost importance to do it with the balance of peace and love. Allow the Hairpiece and the minions to take themselves out, as they are already doing with their own actions, each day
  - we are in the fray; how we deal with it is with the wisdom of a Jedi master, and that wisdom is that pathless path with the naqual as we listen to the wind, the colours of the rainbow, the frequencies that are pouring in at quantum light speed. There is that sound, colour, vibration [that is] shifting everything
- It is a most unique and auspicious time to be in a body and a most wonderful time to witness transfiguration before our eyes, not just physical eyes. It is this time [that] all the keys to the kingdoms are being given in the form of the wisdom keepers who share the magic about primordial energy that goes beyond words, beyond dialogue. It is a frequency; as we are enveloped by a frequency, auto pilot kicks in and this is this is the place where she says ride on her back and she will take us through the jungle of our own unknowingness to this place

- and it is within our own heart space that we already always known about, yet we must find it within Self. And how we do that is [that] the actions being taken in these moments are raising the frequencies so as we choose to take the time to go slowly; do a few things and do them well, the simple joys are holy
  - the ancient story that is in our forefront: yes, the millenials have the answers and, in the same breath: gotta take a quantum leap in the story here - It is not without accident that their craft are in our skies in unprecedented numbers, and they have some wisdom to share.
  - Somewhere along the line, we lost the instruction manual; now it is being given back to us by our own divine wisdom as we wake up to the energies pouring in. And Bernie **is** moving things at such a tremendous rate and, at the same time, the confusion is at such a heightened level that we have to take time every day to meditate & work with the energies so we don't get caught in the fray
  - Yet, we are already in the fray and what it is about is learning how to work with each other in new ways of being, knowing, and all of us have the keys to these kingdoms; each one of us is unique unto ourselves. That is what makes up the magic and the serendipity of this: not one soul matrix is the same; it is unique unto itself, ourselves. Yet we all fit into the cosmic jig saw puzzle that is the whole of it. Can't have it without the Whole.
- At this time, two visitors have just passed through our sector of the solar system: red star Kachina, blue star kachina. Now comes the Great Cleansing, Purification, and the uplifting of humanity in all its forms whether we swim, walk or interdimensionally travel across the petri dish or across the ocean of space, time. We are all here, and we all have the answers how to do this with peace, with love, with joy.
    - the ideas being put forward here are all very great, yet the fine tuning to this is about the next evolutionary leap in consciousness as we take the next step and work with the energies that are being put forth by ones who are getting the message out like Bernie, like Dr Greer, like Dr Keshe.
    - The magic begins in here, and we have to heal the war in here first which has to do with the war that happened so many eons ago and is still reflected out into this realm, in which we interact with each other: the simple basic divine humanity, grace and gratitude for each other whether we have done 6 tours of duty in Irag, Afghanistan or are coming from The Tombs, an inner city prison in NYC.
    - There are folks walking into so many realms who are interdimensional beings, Jedi Masters who are coming into these places, and miracles, magic is happening. There are many great things transforming on this planet at this time
    - NESARA brings in a way for transfiguration that has not been seen since the time of Atlantis, Lemuria. At this time, NOW, this man Bernie Sanders, has answers about, first and foremost - as we can say it without giving away any plans: already she / Alcyone are here with their craft and so many are raising the frequencies at such an exponential level, it is raising the hair on everyone's head.
    - And her wayward children are playing with very ancient sidereal technologies to throw us off the path. Yet that is also failing and they are being exposed for who and what they are.
  - As we want to play in this game – she calls it like it is: Mr Hair is involved in drug trafficking, human trafficking, child trafficking, pedophilia, murder, death. So is that female dragon posing as a hu-man running for president.
    - The only good man is Bernie Sanders who comes from the masters on Venus who are bringing the wisdom here and it is about peace, love and joy and it goes beyond anything that can be articulated.
    - It is about sensing a frequency vibration that has no words. It is how we interact with the particles at a quantum level: best way to describe it - as we open up the pineal, pituitary, hypothalamus, the 9 stars above our head, we get the download of wisdom and it is

already happening for so many across the planet.

- One of the first ways: how to work with the wisdom that Natasha shared with us today – take time each day to learn about Tai Chi, Falon Gung, Ci gung, Tai Quan Do – these move the body, the mind, the spirit – yes, we must take time to do it, yes we work 9-5, yet there are times like at lunch break to do these movements.
- the simple movements of these art forms train the body, the mind, the spirit - get us into a realm where we can receive messages from All That Is which is really us talking to ourselves at the highest level, and saying "Slow down dude; just move with the energy of the sun and allow that frequency to move the arm, the head, the leg" - at first very slowly
- there is music that works with these energies; they knew a man called Iasos who is friends with Aoelia – that interdimensional music is the sound frequency, vibrations that can shift time, space, consciousness 'cos it is moving at the solfeggio tunes that moves physical matter: - as we listen to this kind of music and do the movements of the martial arts, it changes our bodies, changes our thought forms –
- this stuff is being taught by good people within Law Enforcement: their Sikh brothers and sisters teach Law Enforcement in NM, the land of Enchantment, where we reach for a meditation pillow instead of a gun. And this is the place where life is all sacred, no matter what it is – whether a mosquito or our bigfoot brothers and sisters, Sasquatch.

**T:** How do we deal with younger people being recruited to go to the other side, their puberty and lack of ? sense with a considerable group of parents around them in various stages of insanity

**M/A:** Where that comes in and how you deal with that form of illness – as we do what Hew Lynn talked about: "I am sorry, please forgive me, thank you, I love you and as I do it for me, it affects you and the next and the next"

- It is in this moment right now, she cannot give names, but she can give a few names of wealthy visionaries who got their NESARA blessings and are working quietly in the background with 501-C3s, non profits and changing them into foundations & trusts that are based in the Laws of the One, not in the laws of the old ancient orders.

**T:** where do these come from?

- M/A:** One exists: The Hawn Foundation – Kurt Russell and Goldie Hawn; they have set up NGOs within the foundations that are working with vets who have done 3-6 tours of duty, come back & are so catatonic, the only way they can get through the day is to smoke 1 oz of weed so they can do ordinary things like go shopping, the bathroom, meet the parole officer app't, getting their blood tested so they don't go back to jail!
- there are many others behind the scenes: the lady who comes on Stephanie Miller, a beautiful lady who used to be on Laugh In: she is working in the same way as Goldie and Kurt;
  - remember something called The Disney Kids, Mickey Mouse Club, and behind that scene various other groups? Kurt Russell broke out of that programming and knows all about what Bob Hope, Danny Kay, Bing Crosby did to little kids – Pedophilia etc
  - It is getting turned around in the moment, very quietly, very quickly – we will only hear about it through this one here [Rama]– it is about getting past the Men in Black, the Men in Gray – simply sharing wisdom from heart to heart
    - that is how it is done and how it has always been done across all the galaxies, etc. In the ancient wisdom, the aural tradition, the medicine men, the elders, came, ate the sacred medicine, saw the visions and shared them in the circle
    - [We have] the electronic talking circle: the virtual camp fire like "Camp Love – Wave" that Rama listens to each Saturday: it is about the wisdom magic that is within us, and it is simply taking the time to go slowly – can't come from let's say: yeah, there are groups around the world figuring how to take care of countries

entire continents on a simple basic income to take care of oneself.

- Putin is giving land away in Russia to anyone who wants it

**T:** it is basically democratic socialism NOT communism!

**M/A:** great lies about this stuff: in the next few moments here, Russia will be the bread basket of the planet – already non-GMOs fruits, veggies being grown there. If we want to go there and into that realm: Chernobyl's radiation has already been mitigated by the Captain and Admiral – the next step is how we take steps to neutralize this: Dr Keshe has an answer for this, and so has Dr Greer – so many others have answers. And the Veil of secrecy

**T:** many people going to those classes learning how to build star ships

**M/A:** the veil of secrecy is being lifted and what it takes is you and me and Pinki Lee getting in each other's faces and learning the movements of Tai Chi, Tai Quan Do; Kung Fu; it is in most cities – look for folks teaching these things that already we see the success in their lives, which is a sign of success: success is not always about money, but about the prosperity of spirit, the wisdom that comes with interacting with the particles. Goddess is

- She began the with the cosmic orgasm called The Big Bang, and can end it any time. The next step is the 4 Muskateers: mother, Maitraya, Michael, Metatron. It is that wisdom and a planetary system that sent out a distress call – legions upon legions upon legions of are here, doesn't matter what they look like, it is about love, the kindness, the joy of working with each other
  - how we change the people in the inner cities: give them a basic income, not about going to legislators – that is already being done out of garbage in inner cities, multi level gardens
- learning how to give technologies new uses

**T:** book by Amy Scheer “How to Heal yourself when no one else can”

**M/A:** when we get to the bottom of the barrel here – this is the place where they come in in the midst of this and say “ Ride on our back, take the quantum leap and ride on our back. Forget all you have been taught.” Like Don Juan and Yoda say: unlearn all you have learned.

- Yes, if you work 2 jobs and paying for the car, figuring out day care – can get challenging
- yet, go on line and search the Hawn Fdn if you are a vet needing help: they will help you.
- The lady on Laughin has her own foundation – LILY TOMLIN, friend of Stephanie Miller who also has some Foundations, including one called the **Trevor Fdn** – helping gay, bi, transgender people come out and say “I am God, Goddess, All that is, and I deserve to be right here in the midst of this to share the wisdom.”
- many things happening: **Bill Maher** has a few foundations behind the scenes to help with the story;
- so does **Elizabeth Warren** working with the Potawatami nation: Mother learned about it today from Natasha

**T:** “love lies in molecular cells” – a line in a song [“Live in Vancouver”?] about this in a Jim Morrison song

**M/A:** Jim Morrison knew about the wisdom of the ages; had to put down the bottle and stop dropping [acid?] . . . – yes, he is alive and faked his death like Elvis did: unfortunately Janis Joplin did take her own life – messed with the white lady, made by the hand of Lucifera –

- there are ways to chew the cocoa leaves so they do not destroy the enamel on your teeth! There is a website which talks about this – the rental unit will talk about it.

**M & T:** do some toning

Greetings in the Light . . . .

- R:** has been Tikal working with the Temple of the Moon and the energies pouring forth from there – the moon is now waning, going back to the dark time, the new moon –
- there are many beings coming out of the Temple who have not been here since the time of Pangea, Lemuria, coming forth to join the mix and usher in the Age of the 6<sup>th</sup> Sun This time of Quetzequatal's return is now – all the prophecies talk of it; cannot be avoided. Also ties in with all the Avatars – 144,000 X 10 hundred thousand x 10 hundred thousand
  - A new movie: *The Last Avatar* and Neal Donald Walsh plays St Germain: about a being who shows up – Kalki Maitraya; both St Germain and Maitraya are in the movie: he can't remember who is playing Kalki M – find it on youtube or maybe rent it. It's about the return of Kalki Maitraya
  - there are entire teams of doctors of alternative medicine, acupuncture and other medical professionals: their first order of business is to help vets. Put "Goldie Hawn" in the search engines – Will smith is also one of them.
  - Natasha mentioned Lady Di and the One people's Party – has to do with dropping the borders – if it's not in existence, they are working on it! Umutu is part of this story yet there are parts of that story that still need to be honed.
  - Will Smith is a weatly visionariy – helps people out like Oprah – will ask KOS how to get in touch with Will Smith. These folks will not say no; they will help you out and give you money and make sure you are cared for – T: to nip suicide before it happens R: goes beyond politicians who just want your soul matrix.
