**This program is an Apprenticeship Master Herbal Certification. It is self-paced correspondence program it usually takes about 12-18 months to complete. Upon completion you will have the tools you need to identify herbs, use them effectively, grow herbs, identify health and disease in the human body, as well as a certificate of completion. The Master Herbalist Certification Program is not intended for a person looking for a career it was created for those who are called to be healers. If you know that this is your calling then our studies together will be fruitful ~ the best is yet to come.**

**This is the first of many steps towards revolutionizing health. The next step is to send in your payment and your classes will be sent to you if you opted for the payment plan your class material will come to you through your email (class by class upon receipt of payment). If you sent full payment the full 9 courses will be sent to either your shipping address or email address.**

**Mama Mawusi Ashshakir is your herbal instructor and she will be in contact with you to insure that you have everything that you need if you have any questions or issues please do not hesitate to private message her on**
