## Infinite Water Reiki

(This photo was taken of the pacific ocean off of the coast of Washington state USA 4-25-12 by Maighread Birdsong.)

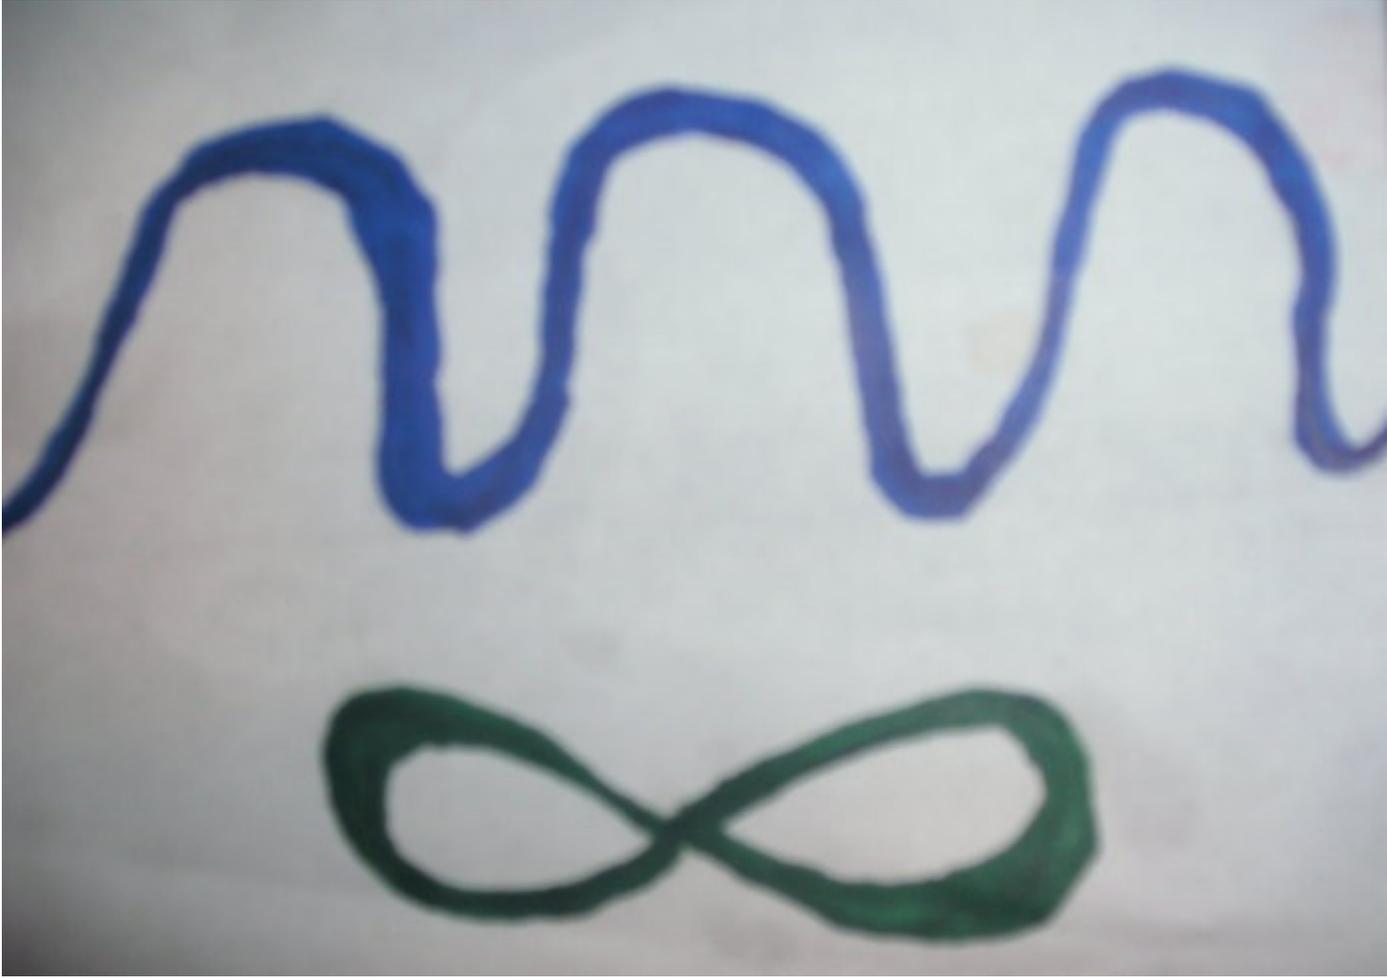

The “Infinite Water Reiki” system was channeled by Maighread Birdsong, 5-4-12 in Washington state.

How this all came about...

I had some terrible hay-fever the spring of 2012 and was suffering a bit more than usual. I had tried all of the conventional treatments and had even used some basic Reiki on myself with little change. Then I was invited to go to the Pacific coast to do a paranormal investigation at a lovely old hotel near the ocean. I took the 5 ½ hr drive west to the location. My stay there was pleasant and very informative. However what I noticed most was that my hay-fever had diminished quite a bit. Even days after my trip to the ocean I felt better for almost a week. But I awoke one morning with the headache, stuffiness and eye irritation I had before my journey. A few nights later as I was attempting to go to sleep I found myself once again thinking of the lovely ocean area that had given me some respite from my struggle. Suddenly I see 2 symbols: The first was a blue line with 3 humps like the gentle waves of the ocean the second was the green infinity symbol. I, while in this sort-of twilight sleep consciousness then drew the symbols in the palms of my hands with my index finger of the opposing hand, the wave symbol atop of the infinity symbol. Then I placed my right hand on my left shoulder and my left hand on my left hip and slowly found myself repeating a chant.(the mantra/chant will be disclosed in the second portion “Master of Infinite Water Reiki”) I also saw some green light not a warm blanket of green light but thin

lines of green light like one might see with a laser pointer. When I awoke I felt better than when I had gone to sleep. Although I have been a practicing Reiki Grand Master for some time now, this is my first ever channeled Reiki method. I was unsure of the images I had seen and wondered if it all had just been a convenient dream. Perhaps it had taken half the night for my sinus medication to kick in? I was second guessing myself as I pondered what had occurred.

Eventually I decided to contact a trusted friend, mentor and long time Reiki Grand Master for some sorely needed advice. I also asked many other contacts and associates in the healing field for their input. They all considered the symbol, meditated and eventually agreed that this was a channeled system that was worth testing and eventually writing up to be used as a teaching manual for others. The mantra which will be used as a higher vibration of this system “Master of Infinite Water Reiki” can be learned and attuned to after this initial basic method has been completed by the aspirant to attune them to the highest vibration of this system. The following is the information I received while channeling.

“The infinite water symbol” three humps as rolling water in dark blue and the sign for infinity beneath in dark green.

The colors are as important as the symbols so imagine them in this way for complete alignment to this system of healing.

To practice and study the system simply put yourself into a meditative state and concentrate on the symbols. Repeating to yourself “Infinite Water Reiki” this will serve to connect you to the energies and thereby place them in your auric field for use anytime you are in need of them.

Then after you have done this and are sure that the symbols are imbedded to the memories of the body, mind and spirit you can start using it on yourself and others. It is suggested that you do this for at least 5 days to a week before receiving the attunement from the Infinite Water Reiki

Master who is initiating you to this system.

Now, once completed you can use and access this energy by simply By saying: Infinite Water Reiki as you lay hands on yourself or others Or by using the symbol and drawing it on the roof of the mouth with your tongue as you are doing a hands on healing. Also you will be able to send this energy in all other methods of transference such as the chi ball once you have received the attunement from your Reiki instructor.

I like to remember the words of the famous developer of Jeet Kune-Do/Actor/Philosopher/ Husband and father

“Bruce Lee” who said...

“Be like water making its way through cracks. Do not be assertive, but adjust to the object, and you shall find a way round or through it. If nothing within you stays rigid, outward things will disclose themselves. Empty your mind, be formless. Shapeless, like water. If you put water into a cup, it becomes the cup. You put water into a bottle and it becomes the bottle. You put it in a teapot it becomes the teapot. Now, water can flow or it can crash. Be water my friend.”

I hope you enjoy using this wonderful energy as much as I did channeling it and making this manual to pass it on to you and others to be used always for the highest good. Brightest of Blessings to all...~Maighread Birdsong~ GRMT
