

## Boost your business by \$80,000+ a year with Salpin!

This fantastic innovative system called 'Salpin' allows your customers to see, hear and talk to one another using our state of the art audio and visual technology. The system fits neatly into your center allowing your customers to play bowling in real time against players in another remote location. Salpin is great for family or friends to play against/ with each other when in different towns, cities or even countries! You can even record live play.

Increase your lane occupancy as well as

- Footfall
- Food sales
- Gaming machine usage
- All other revenues

### How is this possible?

- Charge extra per game
- Charge for coaching through the system
- Charge for local advertising on our big screen
- Sell DVD's/USB's to customers up to 2 weeks later

## What can you expect from Salpin?

Play other people in other towns, cities, states or even other countries!

Salpin makes distance no object. With our latest state of the art technology you can be playing your loved ones even when they are on the other side of the world as if you are in the same bowling center.

## Birthday parties are more fun with Salpin!

Children can have a great time with Salpin by playing up to the cameras & they can even take

home those memories on DVD or USB too!! Record just themselves or between bowling centers.

## Great for your League bowlers and events!

Your league bowlers can play away matches from your home bowling center or simply have fun games with other league bowlers from around the world.

## Fantastic for Coaching

### Improve your game with Salpin

Train your players from or in a different bowling center.

Pause, forward and rewind live play.

County and Country team members can be trained by their coach without the need to travel any further than their local bowling center.

Salpin also comes with advanced bowling stroke video analysis software.

Analyse your bowling video with up to an 8 split screen.

Take home a USB or DVD of your training session and games.

Salpin is patented worldwide. This brand new innovation is only available through world Interbowl Limited.

Salpin brings new technology to the bowling industry enabling opportunities for bowling centers to develop new income streams and increase existing ones.

**The bottom line is, Salpin increases your bottom line!!**

## F.A.Q's

**Q** Can anyone use the system?

**A** Yes at any age. Once staff members have activated the game, simply put on the headphones and start playing.

**Q** How many players can play at any one time?

**A** This is up to the customer. We supply 2 sets of headsets for each Salpin system but as not everyone talks at the same time these can be passed around the group of around 5-6 players.

**Q** Who installs the Salpin system?

**A** Salpin is easily installed. Your own tech guy can install it supported by an instruction PDF and help guide.

**Q** Do I need to employ more staff to operate the system?

**A** No, the Salpin system works through a software programme and database already installed in your dedicated p.c. The user simply activates the system through the database.

**Q** When the system is not in use can we use the bowling lane as normal?

**A** Absolutely! The Salpin system is a bolt on extra to boost your sales revenue. When the system is not in use the lane is used as normal.

**Q** How much does the system cost?

**A** Packages are available for a variety of circumstances, so please do contact our sales department to discuss your requirements.

Salpin is supported by our technical support center as well as the free
