Mobile Learning 24/7

**Taking Learning Beyond the
Classroom**

Featured speaker: Dr. Coleman, Director of Technology, New Rochelle Schools

New Rochelle is one of 20 schools in the country that was chosen to be part of the FCC "[Learning on the Go](#)" initiative. Dr. Christine Coleman will be presenting on the transformative power of mobile learning, and speaking about their 1,000+ line rollout with mobile learning devices, including the planning process, issues and challenges along the way, strategies used to overcome them, and the impact it is having in her district.

Additional Presenters:

- ☆ **Makeba McCray, Technology Coordinator, East Orange Schools** transformed the high school to a digital learning environment and showed a tremendous ROI in the process.
- ☆ **Dr. Brian P. Chinni, CEO of The Madison Institute and Professor at Ramapo College**, will speak to the importance of transforming our schools to digital learning.
- ☆ **Travis Allen, College Student & Founder, iSchool initiative**, student-led, non-profit organization dedicated to revolutionizing our education system through innovative technology
- ☆ **Janet Perkins, A&M University** covers updates on ERATE, funding options, and grants.
- ☆ **Janet Davis, Verizon Wireless**, the national lead creating turnkey solutions for Education will present on Verizon's Solutions for Education.
- ☆ **Verizon Business Team** will present on managed mobility solutions for Education.
